Re: Air Construction Permit No. 1290001-008-AC
Sam O. Purdom Generating Station
BART Project, Unit 7

Dear Mr. McGarrah:

On January 31, 2007, you submitted an application for Best Available Retrofit Technology (BART) for Unit 7 in accordance with Rule 62-296.340, Florida Administrative Code (F.A.C.). Unit 7 began operation in 1966 at the Sam O. Purdom Generating Station, which is located in Wakulla County at 667 Port Leon Drive in St. Marks, Florida. Enclosed are the following documents:

- The proposed Draft Permit specifies the enforceable shutdown date for this unit and satisfies the requirements of Rule 62-296.340, F.A.C.
- The Written Notice of Intent to Issue Air Permit provides important information regarding: the Permitting Authority's intent to issue an air permit for the proposed project; the requirements for publishing a Public Notice of the Permitting Authority's intent to issue an air permit; the procedures for submitting comments on the Draft Permit; the process for filing a petition for an administrative hearing; and the availability of mediation.
- The Public Notice of Intent to Issue Air Permit is the actual notice that you must have published in the legal advertisement section of a newspaper of general circulation in the area affected by this project.

If you have any questions, please contact the Project Engineer, Jeff Koerner, at 850/921-9536.

Sincerely,

Trina Vielhauer, Chief
Bureau of Air Regulation

Enclosures

Memorandum

Florida Department of Environmental Protection

TO: Trina Vielhauer, Bureau of Air Regulation
FROM: Jeff Koerner, Air Permitting North Section *JK*
DATE: May 24, 2007
SUBJECT: Draft Air Permit No. 1290001-008-AC
City of Tallahassee, Electric Utilities
Sam O. Purdom Generating Station
BART Project, Unit 7

This project is subject to minor source preconstruction review. Attached for your review are the following items:

- Written Notice of Intent to Issue Air Permit;
- Public Notice of Intent to Issue Air Permit;
- Draft Permit; and
- P.E. Certification.

To satisfy the provisions of Rule 62-296.340, F.A.C., the Draft Permit requires the permanent shut down of Unit 7 on or before December 31, 2013. The P.E. certification briefly summarizes the proposed project. I recommend your approval of the attached Draft Permit.

P.E. CERTIFICATION STATEMENT

PERMITTEE

City of Tallahassee, Electric Utilities
2602 Jackson Bluff Road
Tallahassee, Florida 32304

Draft Permit No. 1290001-008-AC
Sam O. Purdom Generating Station
BART Project, Unit 7
Wakulla County, Florida

PROJECT DESCRIPTION

The Department of Environmental Protection identified existing Unit 7 at this plant as an eligible unit subject to a determination of the Best Available Retrofit Technology (BART) pursuant to Rule 62-296.340, Florida Administrative Code (F.A.C.). The applicant submitted an application for an air permit in accordance with the rule. Primarily fired with fuel oil and natural gas, Unit 7 began operation in 1966 and is a 621 MMBtu per hour steam generator paired with a nominal 44 MW steam-electrical generator. To satisfy the provisions of Rule 62-296.340, F.A.C., the City of Tallahassee will permanently shut down Unit 7 on or before December 31, 2013. The Draft Permit establishes this shutdown date.

I HEREBY CERTIFY that the air pollution control engineering features described in the above-referenced application and subject to the proposed permit conditions provide reasonable assurance of compliance with applicable provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Chapters 62-4 and 62-204 through 62-297. However, I have not evaluated and I do not certify aspects of the proposal outside of my area of expertise (including, but not limited to, the electrical, mechanical, structural, hydrological, geological, and meteorological features).

WRITTEN NOTICE OF INTENT TO ISSUE AIR PERMIT

*In the Matter of an
Application for Air Permit by:*

City of Tallahassee, Electric Utilities
2602 Jackson Bluff Road
Tallahassee, Florida 32304

Air Permit No. 1290001-008-AC
Sam O. Purdom Generating Station
Facility ID No. 1290001
BART Project, Unit 7
Wakulla County, Florida

Authorized Representative:
Mr. Robert E. McGarrah, Production Superintendent

Facility Location: The City of Tallahassee operates the existing Sam O. Purdom Generating Station, which is an existing power plant located in Wakulla County at 667 Port Leon Drive in St. Marks, Florida.

Project: The Department of Environmental Protection identified existing Unit 7 at this plant as an eligible unit subject to a determination of the Best Available Retrofit Technology (BART) pursuant to Rule 62-296.340, Florida Administrative Code (F.A.C.). The applicant submitted an application for an air permit in accordance with the rule. Primarily fired with fuel oil and natural gas, Unit 7 began operation in 1966 and is a 621 MMBtu per hour steam generator paired with a nominal 44 MW steam-electrical generator. To satisfy the provisions of Rule 62-296.340, F.A.C., the City of Tallahassee will permanently shut down Unit 7 on or before December 31, 2013. The Draft Permit establishes this shutdown date.

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Bureau of Air Regulation is the Permitting Authority responsible for making a permit determination for this project. The Permitting Authority's physical address is: 111 South Magnolia Drive, Suite #4, Tallahassee, Florida. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/488-0114.

Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address or phone number listed above.

Notice of Intent to Issue Permit: The Permitting Authority gives notice of its intent to issue an air permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of the proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

Public Notice: Pursuant to Section 403.815, F.S. and Rules 62-110.106 and 62-210.350, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Public Notice of Intent to Issue Air Permit (Public Notice). The Public Notice shall be published one time only as soon as possible in the legal advertisement section of a newspaper of general circulation in the area affected by this project. The

WRITTEN NOTICE OF INTENT TO ISSUE AIR PERMIT

newspaper used must meet the requirements of Sections 50.011 and 50.031, F.S. in the county where the activity is to take place. If you are uncertain that a newspaper meets these requirements, please contact the Permitting Authority at above address or phone number. Pursuant to Rule 62-110.106(5) and (9), F.A.C., the applicant shall provide proof of publication to the Permitting Authority at the above address within 7 days of publication. Failure to publish the notice and provide proof of publication may result in the denial of the permit pursuant to Rule 62-110.106(11), F.A.C.

Comments: The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of 14 days from the date of publication of the Public Notice. Written comments must be postmarked by the Permitting Authority by close of business (5:00 p.m.) on or before the end of this 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the applicant or any of the parties listed below must be filed within 14 days of receipt of this Written Notice of Intent to Issue Air Permit. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the attached Public Notice or within 14 days of receipt of this Written Notice of Intent to Issue Air Permit, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it

WRITTEN NOTICE OF INTENT TO ISSUE AIR PERMIT

in this Written Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available in this proceeding.

Executed in Tallahassee, Florida.

Trina Vielhauer, Chief
Bureau of Air Regulation

CERTIFICATE OF SERVICE

The undersigned duly designated deputy agency clerk hereby certifies that this Notice of Intent to Issue Air Permit package (including the Written Notice, the Public Notice and the Draft Permit) was sent by electronic mail with received receipt requested before the close of business on 5/24/07 to the persons listed below.

- Mr. Robert E. McGarrah, City of Tallahassee (McGarraR@talgov.com)
- Mr. John Powell, City of Tallahassee, Electric Utilities (PowellJ@talgov.com)
- Mr. Ken Kosky, Golder Associates Inc. (Ken_Kosky@golder.com)
- Mr. Rick Bradburn, NWD Office (Rick.Bradburn@dep.state.fl.us)
- Mr. Mike Halpin, Siting Office (Mike.Halpin@dep.state.fl.us)
- Ms. Kathleen Forney, EPA Region 4 (Forney.Kathleen@epa.gov)
- Mr. Jim Little, EPA Region 4 (Little.James@epa.gov)
- Mr. Dee Morse, National Park Service (Dee_Morse@nps.gov)

Clerk Stamp

FILING AND ACKNOWLEDGMENT FILED, on this date, pursuant to Section 120.52(7), Florida Statutes, with the designated agency clerk, receipt of which is hereby acknowledged.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

Florida Department of Environmental Protection
Division of Air Resource Management, Bureau of Air Regulation

Draft Air Permit No. 1290001-008-AC
City of Tallahassee, Electric Utilities
Sam O. Purdom Generating Station
Wakulla County, Florida

Applicant: The applicant for this project is the City of Tallahassee. The applicant's authorized representative and mailing address is: Mr. Robert E. McGarrah, Production Superintendent, City of Tallahassee Electric Utilities, 2602 Jackson Bluff Road, Tallahassee, Florida 32304.

Facility Location: The City of Tallahassee operates the existing Sam O. Purdom Generating Station, which is an existing power plant located in Wakulla County at 667 Port Leon Drive in St. Marks, Florida.

Project: The Department of Environmental Protection identified existing Unit 7 at this plant as an eligible unit subject to a determination of the Best Available Retrofit Technology (BART) pursuant to Rule 62-296.340, Florida Administrative Code (F.A.C.). The applicant submitted an application for an air permit in accordance with the rule. Primarily fired with fuel oil and natural gas, Unit 7 began operation in 1966 and is a 621 MMBtu per hour steam generator paired with a nominal 44 MW steam-electrical generator. To satisfy the provisions of Rule 62-296.340, F.A.C., the City of Tallahassee will permanently shut down Unit 7 on or before December 31, 2013. The Draft Permit establishes this shutdown date.

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Bureau of Air Regulation is the Permitting Authority responsible for making a permit determination for this project. The Permitting Authority's physical address is: 111 South Magnolia Drive, Suite #4, Tallahassee, Florida. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/488-0114.

Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address and phone number listed above. In addition, electronic copies of these documents are available on the following web site:
<http://www.dep.state.fl.us/air/eproducts/apds/default.asp>.

Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

Comments: The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of 14 days from the date of publication of the Public Notice. Written comments must be postmarked by the Permitting Authority by close of business (5:00 p.m.) on or before the end of this 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall

(Public Notice to be Published in the Newspaper)

revise the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S. must be filed within 14 days of publication of this Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner; the name address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial rights will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available for this proceeding.

DRAFT PERMIT

PERMITTEE

City of Tallahassee, Electric Utilities

Authorized Representative:
Mr. Robert E. McGarrah, Production Superintendent

Air Permit No. 1290001-008-AC Sam O. Purdom Generating Station Facility ID No. 1290001 BART Project, Unit 7 Wakulla County, Florida

PROJECT

The City of Tallahassee operates the existing Sam O. Purdom Generating Station, which is an existing power plant (SIC No. 4911) located in Wakulla County at 667 Port Leon Drive in St. Marks, Florida. The Department identified existing Unit 7 at this plant as an eligible unit subject to a determination of the Best Available Retrofit Technology (BART) pursuant to Rule 62-296.340, Florida Administrative Code (F.A.C.). Primarily fired with fuel oil and natural gas, Unit 7 began operation in 1966 and is a 621 MMBtu per hour steam generator paired with a nominal 44 MW steam-electrical generator. To satisfy the provisions of Rule 62-296.340, F.A.C., the City of Tallahassee will shut down Unit 7.

PERMIT CONDITION

1. Permanent Shutdown: To satisfy the provisions of Rule 62-296.340, F.A.C., the permittee shall permanently shut down Unit 7 (Emissions Unit No. 007) on or before December 31, 2013. This condition reflects the permittee's plans and intentions for the scheduled shutdown of Unit 7. If these plans change due to some unforeseeable event, the permittee must take the following actions before December 31, 2013: submit a BART application; obtain an air construction permit authorizing the BART control strategies; implement the BART control strategies; and demonstrate compliance with the BART standards. Based on the duration of extended shutdown, other preconstruction requirements may also apply.

[Rule 62-296.340, F.A.C.; Applicant's Request]

This air pollution construction permit is issued under the provisions of Chapter 403 of the Florida Statutes (F.S.), and Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297 of the Florida Administrative Code (F.A.C.). The permittee is authorized to conduct the proposed work in accordance with the conditions of this permit and as described in the application, approved drawings, plans, and other documents on file with the Department.

Executed in Tallahassee, Florida
