Gainesville, Florida 32611-2295

Re: **Request for Additional Information - Reminder**  
Project No. 0010001-011-AC  
University of Florida Cogeneration Plant  
Permit Modifications

Dear Mr. Hicks:

On September 14, 2010, the Department received a request for revisions to NO<sub>x</sub> and CO emission limits, the elimination of the duct burner emission test requirements, and other permit modifications permitted under air construction permit PSD-FL-181 at the University of Florida Cogeneration Plant. The facility is located in Alachua County at the Mowry Building, Building 82 in Gainesville, Florida. The application was deemed incomplete and we requested additional information needed to process your application on October 13, 2010. We have not yet received the requested additional information. Rule 62-4.055(1) of the Florida Administrative Code (F.A.C.) requires the following:

*“The applicant shall have **ninety days** after the Department mails a timely request for additional information to submit that information to the Department. If an applicant requires more than ninety days in which to respond to a request for additional information, the applicant may notify the Department in writing of the circumstances, at which time the application shall be held in active status for one additional period of up to ninety days. Additional extensions shall be granted for good cause shown by the applicant. A showing that the applicant is making a diligent effort to obtain the requested additional information shall constitute good cause. Failure of an applicant to provide the timely requested information by the applicable deadline shall result in denial of the application.”*

It has been more than 48 days since our request for additional information (RAI). Based on the June 10 teleconference with OUC staff and your Consultant, we anticipate a response to the RAI in the near future. You are reminded that the permit processing time clock has stopped for this project and that we will not continue our review until we receive the additional information. If you require a period of time in addition to the 90 days allowed by rule, please submit a written request indicating the amount of time necessary. If you fail to provide the additional information or request additional time to submit the additional information, we will deny your application for air permit. If you have any questions regarding this matter, please contact me at 850/921-7744.

REQUEST FOR ADDITIONAL INFORMATION - REMINDER

---

Sincerely,

Robert L. Bull, Jr., P.E.  
New Source Review Section  
Bureau of Air Regulation

JFK/rlb
