Interoffice Memorandum

TO: John Turner
THRU: Barry Andrews *BA*
FROM: John Reynolds *JR*
DATE: March 12, 1991
SUBJ: Sea Ray Boats, Inc. - Conceptual Plan
Permit Nos. AC 05-165270, 165271, 178450

The Conceptual Plan and Potential Course of Action prepared by Sea Ray Boats, Inc., has been reviewed as required by Specific Condition No. 9 of the above construction permits. The report proposes work practice controls, increased use of acetone substitutes, and conversion to low styrene resins as future measures for further reducing VOC emissions. Sea Ray's submittal satisfies the requirements of the construction permit condition. We recommend that the operating permits specify a reasonable schedule for implementation of the course of action presented in the report.

(AO05-186657)

Your application for a permit to operate this referenced project has been received, and reviewed for completeness. The following checked item is needed to complete your application.

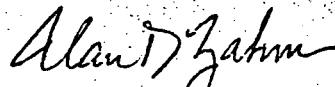

(X) Other: (Any section of the application which is incomplete or lacks sufficient information to be evaluated).

1. As the application indicates 66.6 lbs/hr and 116.5 tons/year of VOC emissions which exceeds the permitted VOC parameters, the source has failed to demonstrate compliance with Permit AC05-165270, Specific Condition No. 4, and the application will be considered incomplete until evidence has been submitted which indicates the permit has been modified by the Bureau of Air Regulation staff in Tallahassee to show compliance or the operation has been changed to demonstrate compliance.
2. The application will be considered incomplete until evidence is submitted which indicates "The Conceptual Plan and Potential Course of Action" and the Air Toxic policy has been reviewed and approved by the Bureau of Air Regulation staff in Tallahassee. Please provide John Reynolds with copies.

Pursuant to Section 120.60(2) Florida Statutes, the department may deny an application if the applicant, after receiving timely notice fails to correct errors, omissions or supply additional information within a reasonable period of time.

If there are any questions, please call John Turner at 407/894-7555 or write to the above address.

Sincerely,

Alan D. Zahm, P.E.

Dear Mr. Reynolds:

On December 31, 1991, the Conceptual Plan and Potential Course of Action for the above referenced facilities was sent to Mr. John Turner, Orlando DER, for his review. Per phone conversation on January 23, 1991, Mr. Turner requested that the reports be sent to you for review. Please find enclosed a copy of each report send to Orlando.

If you require additional information, please advise.

Yours truly,

G. E. Cantelou, Jr. P.E.
