Baltimore, MD 21202-7110

Re: Changes in Stack Design and Plot Plan
DEP File No. 0090180-001-AC (PSD-FL-258)
Oleander Power Project - Five 190 MW Combustion Turbines

Dear Mr. Fierstein:

On May 31, 2001, the Department received your letter detailing Oleander's proposed changes in stack design and location. The Department has reviewed the accompanying air quality impact analysis and concurs that this change results in minor changes in air quality impacts. Impacts of all emitted pollutants are predicted to be well below significant impact levels; therefore no further analysis of air quality impacts is necessary.

If you have any questions, please call me 850/921-8986.

Sincerely,

Cleve Holladay, Air Quality Modeler
