PUBLIC NOTICE OF INTENT
 TITLE V AIR OPERATION PERMIT REVISION
 STATE OF FLORIDA
 DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Title V DRAFT Permit Revision No.: O110036-003-AV
 Port Everglades Plant
 Broward County
 The Department of Environmental Protection
 (permitting authority) gives notice of its intent to issue
 Title V air operation permit revision for the Port Ever
 glades Plant, located at 8100 Eisenhower Blvd., For
 Lauderdale, Broward County. The revision reflects a
 change to the testing frequency of the twelve simple cy
 cle gas turbines. The applicant's name and address
 are: Mr. Rudy Sanchez, PGBU Broward-Plant Genera
 Manager, Environmental Services Department, Florida
 Power & Light Company, P.O. Box 14000, Juno Beach
 Florida 33408.

The permitting authority will issue the Title V PRO
 POSED Permit Revision, and subsequent Title V FINAL
 Permit Revision, in accordance with the conditions of
 the Title V DRAFT Permit Revision unless a response
 received in accordance with the following procedures
 results in a different decision or significant change of
 terms or condition. The permitting authority will accept
 written comments concerning the proposed Title V
 DRAFT Permit Revision issuance action for a period of
 30 (thirty) days from the date of publication of this No
 tice. Written comments should be provided to the De
 partment's Bureau of Air Regulation, 2600 Blair Stone
 Road, Mail Station #5505, Tallahassee, Florida 32399-
 2400. Any written comments filed shall be made availa
 ble for public inspection. If written comments received
 result in a significant change in this DRAFT Permit Re
 vision, the permitting authority shall issue another
 DRAFT Permit Revision and require, if applicable, an
 other Public Notice.

A person whose substantial interests are affected by
 the proposed permitting decision may petition for an
 administrative hearing in accordance with Sections
 120.569 and 120.57 of the Florida Statutes (P.S.). The
 petition must contain the information set forth below
 and must be filed (received) in Office of General Coun
 sel of the Department of Environmental Protection,
 3900 Commonwealth Boulevard, Mail Station #35, Tal
 lahassee, Florida 32399-3000 (Telephone: 850/488-
 9730; Fax: 850/4874938). Petitions filed by any per
 sons other than those entitled to written notice under
 Section 120.60(3), P.S., must be filed within fourteen
 days of publication of the public notice or within four
 teen days of receipt of the notice of intent, whichever
 occurs first. Under Section 120.60(3), F.S., however,
 any person who asked the permitting authority for no
 tice of agency action may file a petition within fourteen
 days of receipt of that notice, regardless of the date of
 publication. A petitioner shall mail a copy of the peti
 tion to the applicant at the address indicated above, at
 the time of filing. The failure of any person to file a peti
 tion within the applicable time period shall constitute a
 waiver of that person's right to request an administra
 tive determination (hearing) under Sections 120.569
 and 120.57, F.S., or to intervene in this proceeding and
 participate as a party to it. Any subsequent interven
 tion will be only at the approval of the presiding officer
 upon the filing of a motion in compliance with Rule 28-
 106205, F.A.C.

A petition that disputes the material facts on which the
 permitting authority's action is based must contain the
 following information:

- (a) The name and address of each agency affected and
 each agency's file or identification number, if known;
- (b) The name, address and telephone number of the peti
 tioner; name address and telephone number of the
 petitioner's representative, if any, which shall be the
 address for service purposes during the course of the
 proceeding; and an explanation of how petitioner's
 substantial rights will be affected by the agency deter
 mination;
- (c) A statement of how and when the petitioner received
 notice of the agency action or proposed action;
- (d) A statement of all disputed issues of material fact. If
 there are none, the petition must so state;
- (e) A concise statement of the ultimate facts alleged, as
 well as the rules and statutes which entitle petitioner to
 relief; and
- (f) A demand to relief.

A petition that does not dispute the material facts upon
 which the permitting authority's action is based shall
 state that no such facts are in dispute and otherwise
 shall contain the same information as set forth above,
 as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is de
 signed to formulate final agency action, the filing of a
 petition means that the permitting authority's final ac
 tion may be different from the position taken by it in this
 notice of intent. Persons whose substantial interests
 will be affected by any such final decision of the permi
 tting authority on the application have the right to peti
 tion to become a party to the proceeding, in accor
 dance with the requirements set forth above.

Mediation is not available for this proceeding.
 In addition to the above, pursuant to 42 United States
 Code (U.S.C.) Section 7661(d)(2), any person may pe
 tition the Administrator of the EPA within 60 (sixty)
 days of the expiration of the Administrator's 45 (forty-
 five) day review period as established at 42 U.S.C. Sec
 tion 7661(d)(1), to object to issuance of any permit.
 Any petition shall be based only on objections to the
 permit that were raised with reasonable specificity dur
 ing the 30 (thirty) day public comment period provided
 in this notice, unless the petitioner demonstrates to the
 Administrator of the EPA that it was impracticable to
 raise such objections within comment period or unless
 the grounds for such objections arose after the com
