**SECTION V. CAIR PART FORM**  
**CLEAN AIR INTERSTATE RULE PROVISIONS**

**Clean Air Interstate Rule (CAIR).**

**Operated by:** Florida Power and Light Company

**Plant Name:** Port Everglades Plant

**ORIS Code:** 0617

The emissions units below are regulated under the Clean Air Interstate Rule.

<b>E.U. ID No.</b>	<b>EPA Unit ID#</b>	<b>Brief Description</b>
-001	PPE1	Fossil Fuel Steam Generator, Unit 1
-002	PPE2	Fossil Fuel Steam Generator, Unit 2
-003	PPE3	Fossil Fuel Steam Generator, Unit 3
-004	PPE4	Fossil Fuel Steam Generator, Unit 4
-005	GPE01	Simple Cycle Gas Turbine, GT1
-005	GPE02	Simple Cycle Gas Turbine, GT2
-005	GPE03	Simple Cycle Gas Turbine, GT3
-005	GPE04	Simple Cycle Gas Turbine, GT4
-005	GPE05	Simple Cycle Gas Turbine, GT5
-005	GPE06	Simple Cycle Gas Turbine, GT6
-005	GPE07	Simple Cycle Gas Turbine, GT7
-005	GPE08	Simple Cycle Gas Turbine, GT8
-005	GPE09	Simple Cycle Gas Turbine, GT9
-005	GPE10	Simple Cycle Gas Turbine, GT10
-005	GPE11	Simple Cycle Gas Turbine, GT11
-005	GPE12	Simple Cycle Gas Turbine, GT12

1. Clean Air Interstate Rule Application. The Clean Air Interstate Rule Part Form submitted for this facility is a part of this permit. The owners and operators of these CAIR units as identified in this form must comply with the standard requirements and special provisions set forth in the CAIR Part Form (DEP Form No. 62-210.900(1)(b) - Form, Effective: 3/16/08), which is attached at the end of this section. [Chapter 62-213, F.A.C. and Rule 62-210.200, F.A.C.]

PUBLIC NOTICE OF INTENT
TO ISSUE TITLE V AIR OPERATION PERMIT REVISION
Florida Department of Environmental Protection
Division of Air Resource Management, Bureau of Air Regulation
Draft/Proposed Air Permit No. 0110036-008-AV
Florida Power and Light Company
Port Everglades Plant
Broward County, Florida

Applicant: The applicant for this project is Florida Power and Light Company.
The applicant's designated representative and mailing address are: Ms. Sheila M.
Wilkinson, PGD Environmental Manager, Florida Power and Light Company, Port
Everglades Plant, 4300 42nd Street, Fort Lauderdale, Florida 33314.
Facility Location: Florida Power and Light Company operates the Port Ever-
glades Plant, which is located 8100 Eisenhower Boulevard, Fort Lauderdale, in
Broward County, Florida.

Project: The applicant has submitted a complete and certified Clean Air Inter-
state (CAI) Permit and has requested its incorporation into the existing
Title V air operation permit.
This existing facility consists of four fossil fuel steam generators and twelve
simple cycle combustion turbines.

Permitting Authority: Applications for Title V air operation permits are subject
to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.),
and Chapters 62-4, 62-210, 62-213 and 62-296, 470 of the Florida Administrative
Code (F.A.C.). The proposed project is not exempt from air permitting require-
ments and a Title V air operation permit is required to operate the facility. The Bu-
reau of Air Regulation is the Permitting Authority responsible for making a permit
determination for this project. The Permitting Authority's physical address is:
111 South Michigan Drive, Suite #4, Tallahassee, Florida. The Permitting Authori-
ty's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida
32399-2400. The Permitting Authority's telephone number is 850/488-0114.

Project File: A complete project file is available for public inspection during the
normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except
legal holidays), at an administrative hearing is filed under Sections 120.569 and
120.57, F.S. or unless public comment received in accordance with this notice re-
sults in a different decision or a significant change of terms or conditions.
Comments: The Permitting Authority will accept written comments concerning
the Draft/Proposed Title V air operation permit for a period of 30 days from the
date of publication of this Public Notice. Written comments must be received by
the Permitting Authority at the above address. As part of his or her comments, any
person may also request that the Permitting Authority hold a public meeting on
this permitting action. If the Permitting Authority determines there is sufficient
interest for a public meeting, it will publish notice of the time, date, and location
on the official web site for notices at Florida Administrative Weekly (FAW) at
http://www.dos.state.fl.us/ and in a newspaper of general circulation in the area
affected by the permitting action. For additional information, contact the Permit-
ting Authority at the above address or phone number. If written comments or
comments received at a public meeting result in a significant change to the Draft/
Proposed Permit, the Permitting Authority shall issue a Revised Permit and re-
quire, if applicable, another Public Notice. All comments filed will be made avail-
able for public inspection.

Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its
intent to issue an air permit to the applicant for the project described above. The
applicant has provided reasonable assurance that operation of proposed equip-
ment will not adversely impact air quality and that the project will comply with all
appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-214,
62-296 and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in ac-
cordance with the conditions of the proposed Draft/Proposed Permit unless a
timely petition for an administrative hearing is filed under Sections 120.569 and
120.57, F.S. or unless public comment received in accordance with this notice re-
sults in a different decision or a significant change of terms or conditions.

Petitions: A person whose substantial interests are affected by the proposed
permitting decision may petition for an administrative hearing in accordance
with Sections 120.569 and 120.57, F.S. The petition must contain the information
set forth below and must be received by the Department's Agency
Clerk in the Office of General Counsel of the Department of Environmental Protec-
tion at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida
32399-3000. Petitions filed by any persons other than those entitled to written
notice under Section 120.60(3), F.S. must be filed within 14 days of publication of
this Public Notice or receipt of a written notice, whichever occurs first, under
Section 120.60(3), F.S.; however, any person who has requested the Permitting Authority
for notice of agency action may file a petition within 14 days of receipt of that no-
tice, regardless of the date of publication. A petitioner shall mail a copy of the pe-
tition to the applicant at the address indicated above, at the time of filing. The
failure of any person to file a petition within the appropriate time period shall
constitute a waiver of the petitioner's right to request an administrative hearing
(hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this
proceeding and participate as a party to it. Any subsequent intervention (in a pro-
ceeding initiated by another party) will be only at the approval of the presiding of-
ficer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.
A petition that disputes the material facts on which the Permitting Authority's
action is based must contain the following information: (a) The name and address
of each agency affected and each agency's file or identification number, if
known; (b) The name, address and telephone number of the petitioner; the name
address and telephone number of the petitioner's representative, if any, which
shall be the address for service purposes during the course of the proceeding;
and an explanation of how the petitioner's substantial rights will be affected by
the agency determination; (c) A statement of when and how the petitioner re-
ceived notice of the agency action or proposed decision; (d) A statement of all
disputed issues of material fact. If there are none, the petition must so indicate;
(e) A concise statement of the ultimate facts alleged, including the specific facts
the petitioner contends warrant reversal or modification of the agency's pro-
posed action; (f) A statement of the specific rules or statutes the petitioner con-
tends require reversal or modification of the agency's proposed action including
an explanation of how the alleged facts relate to the specific rules or statutes;
and, (g) A statement of the relief sought by the petitioner, stating precisely the
action the petitioner wishes the agency to take with respect to the agency's pro-
posed action. A petition that does not dispute the material facts upon which the
Permitting Authority's action is based shall state that no such facts are in dispute
and otherwise shall contain the same information as set forth above, as required
by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final
agency action, the filing of a petition means that the Permitting Authority's final
action may be different from the position taken by it in this Public Notice of Intent
to Issue Air Permit. Persons whose substantial interests will be affected by any
such final decision of the Permitting Authority on the application have the right to
petition to become a party to the proceeding, in accordance with the require-
ments set forth above.

Mediation: Mediation is not available for this proceeding.
EPA Review: EPA has agreed to treat the Draft/Proposed Title V air operation
permit as a Proposed Title V air operation permit and to perform its 45-day review
provided by the law and regulations concurrently with the public comment pe-
riod. Although EPA's 45-day review period will be performed concurrently with the
public comment period, the deadline for submitting a citizen petition to object to
the EPA Administrator will be determined as if EPA's 45-day review period was per-
formed after the public comment period has ended. The Final Title V air operation
permit will be issued after the conclusion of the 45-day EPA review period so long
as no adverse comments are received that results in a different decision or signif-
icant change of terms or conditions. The status regarding EPA's 45-day review of
this project and the deadline for submitting a citizen petition can be found at the
following website: address: http://www.epa.gov/region4/air/permits/Florida.
htm.

Objections: Finally, pursuant to 42 United States Code (U.S.C.) Section
7661d(b)(2), any person may petition the Administrator of the EPA within 60 days
of the expiration of the Administrator's 45-day review period as established at 42
U.S.C. Section 7661d(b)(1) to object to the issuance of any Title V air operation
permit. Any petition shall be based only on objections to the Permit that were
raised with reasonable specificity during the 30-day public comment period pro-
vided in the Public Notice, unless the petitioner demonstrates to the Administra-
tor of the EPA that it was impracticable to raise such objections within the com-
ment period or unless the grounds for such objection arose after the comment
period. Filing of a petition with the Administrator of the EPA does not stay the ef-
fective date of any permit properly issued pursuant to the provisions of Chapter
62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the re-
quirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Adminis-
trator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460. For
more information regarding EPA review and objections, visit EPA's Region 4 web
site at http://www.epa.gov/region4/air/permits/Florida.htm.
