that is located approximately 9.5 miles east of Florida City at 9700 SW 344th Street, Homestead, Miami-Dade County.

Project: On October 3, 2007 FP&L applied to the Permitting Authority for a revision of the Turkey Point Fossil Plant Title V Air Operation Permit in order to incorporate the requirements applicable to the recently constructed natural gas-fueled combined cycle unit (Unit 5). Unit 5 has an electrical power generating capacity of 1150 megawatts (MW). It consists of four 170 MW gas turbine-electrical generator sets, four mechanical draft cooling tower and two emergency diesel generators.

The Turkey Point Fossil Plant also includes two residual fuel and natural gas-fueled 440 MW fossil fuel steam electrical generators (Units 1 and 2) with low-nitrogen oxides burners and mechanical cyclone dust collectors. The facility also includes certain small sources including five oil-fired peaking generators supporting Units 1 and 2 and several unregulated or insignificant units.

This permitting action addresses only the operations at the Turkey Point Fossil Plant and does not include the Turkey Point Nuclear Plant licensed by the Nuclear Regulatory Commission (NRC).

Permitting Authority: Applications for processing Title V Air Operation permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-214, 62-296, and 62-297, F.A.C. The Permitting Authority will issue a PROPOSED Permit and subsequent FINAL Permit in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or a significant change of terms or conditions.

Comments: The Permitting Authority will accept written comments concerning the DRAFT Permit for a period of thirty (30) days from the date of publication of this notice. Written comments must be received by the Permitting Authority at the above address, email or facsimile. As part of his or her comments, any person may also request that the Permitting Authority hold a public meeting or a public hearing on the proposed permit. It will publish notice of the time, date, and location on the Florida Administrative Weekly (FAW) website at <http://law.dos.state.fl.us>, in a newspaper of general circulation in the area affected by the permitting action. For additional information, contact the Permitting Authority at the above address or phone number. If written comments or comments received at a public meeting result in a significant change to the DRAFT Permit, the Permitting Authority shall issue a Revised DRAFT Permit and require the applicant to file another Public Notice. All comments filed will be made available for public inspection.

Telephone: 305/372-6925. Fax: 305/372-6954.

**PUBLIC NOTICE OF
INTENT TO ISSUE
TITLE V AIR
OPERATION PERMIT
REVISION**

Notice of Intent to Issue a Permit: The Permitting Authority, upon receipt of its intent to issue a permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of the project will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-214, 62-296, and 62-297, F.A.C. The Permitting Authority will issue a PROPOSED Permit and subsequent FINAL Permit in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or a significant change of terms or conditions.

Comments: The Permitting Authority will accept written comments concerning the DRAFT Permit for a period of thirty (30) days from the date of publication of this notice. Written comments must be received by the Permitting Authority at the above address, email or facsimile. As part of his or her comments, any person may also request that the Permitting Authority hold a public meeting or a public hearing on the proposed permit. It will publish notice of the time, date, and location on the Florida Administrative Weekly (FAW) website at <http://law.dos.state.fl.us>, in a newspaper of general circulation in the area affected by the permitting action. For additional information, contact the Permitting Authority at the above address or phone number. If written comments or comments received at a public meeting result in a significant change to the DRAFT Permit, the Permitting Authority shall issue a Revised DRAFT Permit and require the applicant to file another Public Notice. All comments filed will be made available for public inspection.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with the project by the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection at 3900 Belfair Road, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by any persons

other than those entitled to written notice under Section 120.60(3), F.S., must be filed within fourteen (14) days of publication of this Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within fourteen (14) days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the review period as time period shall constitute a waiver of that person's right to the issuance of any administrative determination (hearing) under Sections 120.569 and 120.57, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer. The filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial rights will be affected by the agency determination; (c) A statement of how and when the petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petitioner must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

**PUBLIC NOTICE OF
INTENT TO ISSUE
TITLE V AIR
OPERATION PERMIT
REVISION**

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of intent. Persons whose substantial

interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available for this proceeding.

Objections: In addition to the right to petition pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within sixty (60) days of the expiration of the Administrator's 45 (forty-five) day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air operation permit. Any petition shall be based only on objections to the permit that were raised with reasonable specificity during the thirty (30) day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460. For more information regarding EPA review and objections, visit EPA's Region 4 website at www.epa.gov/region4/air/permits/florida.htm.
