separate Title V
permit, No.
0250003-011-AV.
The Nuclear Plant
consists of two
nuclear generating
units with a combined
capacity of 1,332
megawatts, regulated
by the Nuclear
Regulatory
Commission (NRC).
Nine diesel
emergency
generators,
miscellaneous diesel
engines, and
miscellaneous
unregulated and
insignificant
emissions units,
and/or activities.
This permit No.
0250003-010-AV
addresses only the
non-nuclear
units of the
Nuclear Plant. This
permit does not
address the two
nuclear generating
units which are
regulated by the NRC
under the Atomic
Energy Act because
they are not sources
of air pollution.

Permitting Authority:
Applications for Title
V air operation
permits are subject to
review in accordance

Project File: A complete file is available for public inspection during the normal business hours of 9:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at address indicated for the Permitting Authority. The complete project file includes the Draft Permit, Statement of Basis, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may view the Draft Permit by visiting the following website: <http://www.airproducts/apds/default.asp> and entering the permit number shown in the above. Interested persons may contact the Permitting Authority's project review officer for additional information at the address or phone number listed above.

Number of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air permit to the applicant for the project described above. The applicant has provided reasonable assurance that continued operation of existing air quality will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-214, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a proposed Title V permit and subsequent final Title V permit in accordance with the conditions of the draft permit unless a timely petition for an administrative hearing is filed under Section 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or terms or conditions.

Comments: The Permitting Authority will accept written comments on the Draft Title V Permit for a period of 30 days from the date of publication of this Public Notice. Written comments must be received by the close of business (5:00 p.m.) on or before the end of this 30-day period by the Permitting Authority at the above address. As part of his/her comments, any person may also request that the Permitting Authority hold a public meeting on this permitting action. If the Permitting Authority determines there is sufficient interest for a public meeting, it will publish notice of the time, date, and location in the Florida Administrative Weekly (FAW). If a public meeting is requested within the 30-day comment period and conducted by the Permitting Authority, any oral and written comments received during the public meeting will also be considered by the Permitting Authority, if timely received. Written comments or comments received

at a public meeting result in a significant change to the Draft Permit, the Permitting Authority shall issue a Revised Draft Permit and require, if applicable, another Public Notice. Any subsequent action on the Title V and Title V parts of the renewal permit may be split if comments are received on the draft permit. All comments filed will be made available for public inspection at the Permitting Authority at the above address or phone number.

Petitions: A person by the Department's interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petitioner must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled to a written notice under Section 120.60(3), F.S. must be filed within 14 days of publication of this Public Notice or receipt of a written notice, whichever occurs later, under Section 120.60(3), F.S.; however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to intervene in the administrative determination (hearing) under Sections 120.569 and 120.57, F.S. or to intervene in this proceeding and participate as a party to the subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner; (c) The name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial rights will be affected by the agency's determination; (d) A statement of when and how the petitioner received notice of the agency action or proposed decision; (e) A statement of all disputed issues of material fact, if there are none, the petitioner must so state; (f) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (g) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how

the alleged facts relate to the specific rules or statutes; and (g) A statement by the petitioner, attesting precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate a final agency decision, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to become a party to the proceeding. In accordance with the requirements set forth above:
