Dear Al,

FPL agrees to extend the December 3, 2007 waiver of the Department's requirement to issue a Draft Permit within 90-days for the Turkey Point (PIF) Units 1&2 BART Determination as referenced above.

In the interest of allowing further productive evaluation and negotiation of the conditions unique to this facility, FPL hereby agrees to extend the Draft Permit development period from February 15, 2008 for an additional 45 days, until March 31, 2008.

Sincerely yours,
