**Notice of Intent to Issue Air

Authority gives notice of its
intent to issue an air

applicant for the project
described above. This permit
revises permit No.

62-212, 62-296 and 62-297,
F.A.C. The Permitting Authority
will issue a final permit in
accordance with the conditions
of the draft permit unless a
timely petition for an
administrative hearing is filed
under Sections 120.569 and
120.57, F.S. or unless public
comment received in
accordance with this notice
results in a different decision or
a significant change of terms or
conditions.

Comments: The Permitting
Authority will accept written
comments concerning the draft
permit for a period of 14 days
from the date of publication of
this Public Notice. Written
comments must be received by
the Permitting Authority by
close of business (5:00 p.m.) on
or before the end of the 14-day
period. If written comments
received result in a significant
change to the draft permit, the
Permitting Authority shall
revise the draft permit and
require, if applicable, another
Public Notice. All comments
filed will be made available for
public inspection.

Petitions: A person whose
substantial interests are
affected by the proposed
permitting decision may
petition for an administrative
hearing in accordance with
Sections 120.569 and 120.57,
F.S. The petition must contain
the information set forth below
and must be filed with
(received by) the Department's
Agency Clerk in the Office of
General Counsel, Department of Environmental
Protection at 3900
Commonwealth Boulevard,
Mail Station #35, Tallahassee,
Florida 32399-3000
(Telephone: 850/245-2241).
Petitions filed by any persons
other than those entitled to
written notice under Section
120.60(3), F.S. must be filed
within 14 days of publication of
this Public Notice or receipt of
a written notice, whichever
occurs first. Under Section
120.60(3), F.S., however, any
person who asked the
Permitting Authority for notice
of agency action may file a
petition within 14 days of
receipt of that notice,
regardless of the date of
publication. A petitioner shall
mail a copy of the petition to
the applicant at the address
indicated above, at the time of
filing. The failure of any person
to file a petition within the
appropriate time period shall
constitute a waiver of that
person's right to request an
administrative determination,
(hearing) under Sections
120.569 and 120.57, F.S., or to
intervene in this proceeding
and participate as a party to it.
Any subsequent intervention
(in a proceeding initiated by
another party) will only be
at the approval of the presiding
officer upon the filing of a
motion in compliance with Rule
28-106.205, F.A.C.

A petition that disputes the
material facts upon which the
Permitting Authority's action is
based must contain the
following information: (a) The
name and address of each
agency affected and each
agency's file or identification
number, if known; (b) The
name, address and telephone
number of the petitioner; the
name address and telephone
number of the petitioner's
representative, if any, which
shall be the address for service
purposes during the course of
the proceeding; and an
explanation of how the
petitioner's substantial rights
will be affected by the agency
determination; (c) A statement
of when and how the petitioner
received notice of the agency
action or proposed decision;
(d) A statement of all disputed
issues of material fact. If there
are none, the petition must so
indicate; (e) A concise
statement of the ultimate facts
alleged, including the specific
facts the petitioner contends
warrant reversal or
modification of the agency's
proposed action; (f) A
statement of the specific rules
or statutes the petitioner
contends require reversal or
modification of the agency's
proposed action including an
explanation of how the alleged
facts relate to the specific rules
or statutes; and, (g) A
statement of the relief sought
by the petitioner, stating
precisely the action the
petitioner wishes the agency to
take with respect to the
agency's proposed action. A
petition that does not dispute

the material facts upon which
the Permitting Authority's
action is based shall state that
no such facts are in dispute
and otherwise shall contain the
same information as set forth
above, as required by Rule
28-106.301, F.A.C.

Because the administrative
hearing process is designed to
formulate final agency action,
the filing of a petition means
that the Permitting Authority's
final action may be different
from the position taken by it in
this Public Notice of Intent to
Issue Air Permit. Persons
whose substantial interests will
be affected by any such final
decision of the Permitting
Authority on the application
have the right to petition to
become a party to the
proceeding, in accordance with
the requirements set forth
above.

Mediation: Mediation is not
available for this proceeding.
