Syed,

Per our conversation, please process the construction permit as soon as possible. We will apply for the Title V revision at a later date after issuance of the construction permit revision.

Let me know if you have any questions.

Tx, Bert

Bert,

Thanks for sending the letter concerning the processing of SDA project as a construction permit revision.

One clarification that we need is whether JEA will be submitting a request for the Title V revision at a later date after the final construction permit for the SDA project is issued.

If that is the case, we would like to close the Title V permit revision project at this time from our records.

Please inform us. Thanks!
