Dear Mr. Chansler:

The Department has received the August 24, 2005 response on August 29, 2005. Based on conversations with Mr. Bert Gianazza, we are awaiting the response related to the excess emissions for the CFBs Units Nos. 1 and 2 at Northside Generating Station. Therefore, we consider the application to still be incomplete. Upon receipt of the additional information, the Department will resume processing the application package and supplemental information. Please provide all assumptions, calculations, and reference material(s), that are used or reflected in any of your responses.
