9640 Eastport Road
Jacksonville, Florida 32226

Re: DEP File No. 0310337-016-AV
Title V Air Operation Permit Renewal
Request for Additional Information

Dear Ms. Patterson:

The Florida Department of Environmental Protection has reviewed your application for a Title V Air Operation Permit Renewal for the Cedar Bay Cogeneration Facility. However, we must deem your application *incomplete*, because we need further information relative to the following items:

1. The requested change to Specific Condition A.8., removing the ammonia slip exhaust gas limit when burning fuel oil, will require an air construction permit modification to implement, since such a change cannot be implemented as a Title V air operation permit renewal.
2. The requested change to Specific Condition A.26., deleting a reference to sulfur dioxide spans on input and output devices, cites a Department authorization letter dated February 29, 2000. Please provide a copy of this letter.
3. The requested change to Specific Condition A.59., addressing recycle reject usage, mentions a Department authorization document dated July 2006. Please provide a copy of this authorization document.
4. The requested change to Specific Condition A.64., addressing the short fiber recycle rejects test burn protocol, removes the Department approval language from the condition. Please provide a copy of the Department approval letter to implement this supplemental fuel usage at the facility.

When we receive this information, we will continue processing your application. If you have any questions, please contact Project Engineer Tom Cascio at 850-921-9526. Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. Permit applicants are advised that Rule 62-4.055(1), F.A.C., requires applicants to respond to requests for information within 90 days, unless the applicant has requested in writing, and has been granted, additional time within 90 days.

Sincerely,

Jonathan K. Holtom, P.E., CPM
Program Administrator
Title V Section

Ms. Tracy Patterson, General Manager
Cedar Bay Generating Company, L.P.

Dear Sir/Madam:

Please send a "reply" message verifying receipt of the attached document(s); this may be done by selecting "Reply" on the menu bar of your e-mail software and then selecting "Send". We must receive verification of receipt and your reply will preclude subsequent e-mail transmissions to verify receipt of the document(s).

The document(s) may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible.

The document is in Adobe Portable Document Format (pdf). Adobe Acrobat Reader can be downloaded for free at the following internet site: <<http://www.adobe.com/products/acrobat/readstep.html>> .

The Bureau of Air Regulation is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community. Please advise this office of any changes to your e-mail address or that of the Engineer-of-Record.

Thank you,

Barbara Friday
