Jim -

Thanks for your review. We had issued an incompleteness letter earlier and you should have received a copy of that letter. One of the issues was non submittal of modeling analysis. They are still working on getting that together and should be submitting it soon.

Subject: Trail Ridge Energy

Syed -

I made a quick review of the PSD permit application for the Trail Ridge Energy. The application is incomplete since it does not contain an air quality impact analysis. When this analysis has been provided, we will complete our review. Please let us know if there are any parts of the application that you would like us to review in detail.
