SUBJECT: Sulfur Facility Permitting  
Permit No. AC29-167204

Dear Ms. Adams:

Jim Martin spoke with Bill Thomas of your office concerning the change of name to CF Industries, Inc., Plant City Phosphate Complex, as a result of the merger of Central Phosphates, Inc. with the parent company CF Industries, Inc.

Mr. Thomas asked that a copy of the information submitted to DER, Southwest District, be sent to you and you would make the change on the above referenced permit. That information is enclosed in this letter.

If any additional information is required, please contact Jim Martin at 813/782-1591.

Sincerely,

J.E. Parsons  
General Manager

**SUBJECT:** Transfer of DER Permits from  
Central Phosphates, Inc. to  
CF Industries, Inc.

Dear Mr. Kerns:

Effective December 31, 1989, Central Phosphates, Inc. (CPI) will merge with the parent company, CF Industries, Inc. (CFII). The merger will result in the dissolution of the subsidiary, CPI, and the facility will become CF Industries, Inc., Plant City Phosphate Complex.

As required by Section 17-4.120, F.A.C., a transfer of current DER permits from CPI to CFII is being applied for. A completed application for transfer, DER Form 17-1201(1) is attached with a list of current permits.

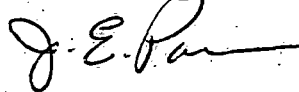

The planned merger will not result in any operational changes at the facility which would affect the ability to comply with all applicable DER permits. Those persons responsible for permitting and permit compliance at CPI will retain that responsibility for CFII.

Upon the effective date of corporate merger, CFII will assume responsibility for compliance with the terms and conditions of all current DER permits.

H. Kerns

Please advise if additional information will be required for the approval of the permit transfer.

Sincerely,

J.E. Parsons
