Re: CFI Sulfur Storage Permit Modification
AC29-187327

Dear Mirza:

As discussed earlier, I inspected the above reference source in October 17, 1990 and found no problems. If it is not too late, I would like to incorporate NEDS: 0005 and point I.D.: 22 for this source in the preliminary evaluation. As of this date, PATS03 shows that the notice of intent to issue has not been sent yet.

Please call me if you have any questions or wish to discuss any recommendations in the forthcoming operating permit.

Sincerely,

Carlos C. Gonzalez
Air Permit Engineer
