Re: CF Industries, Inc.
0570005-012-AC, PSD-FL-283

Dear Mr. Worley:

Enclosed for your review and comment is an application for the above mentioned project. It consists of a request to increase production by 20 percent at two phosphoric acid plants at a large fertilizer facility. Although we will apply the rules of our approved PSD program, we request your input regarding PSD and BACT applicability (based on EPA Rules) to other processes potentially affected by production increases at the phosphoric acid plants.

Your comments can be forwarded to my attention at the letterhead address or faxed to me at (850)922-6979. If you have any questions, please contact John Reynolds at (850)921-9536.

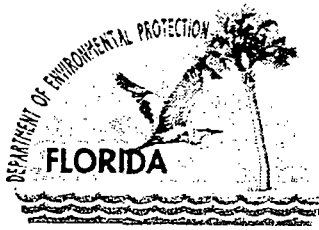

Sincerely,

A. A. Linero, P.E.
