

# Memorandum

# Florida Department of Environmental Protection

---

TO: Clair Fancy *af for CHF*  
THRU: Al Linero *Al Linero* 1/10  
FROM: Syed Arif *Syed Arif*  
DATE: January 10, 2002  
SUBJECT: Cargill Fertilizer - Riverview Plant

Attached for approval and signature is a PSD permit modification to Cargill Fertilizer, Inc. for the Riverview Plant located in Hillsborough County. This permit modification re-designates the No. 5 Di-ammonium phosphate (DAP) plant to No. 5 Ammoniated Phosphate Plant. This change will allow Cargill to produce ammoniated phosphate fertilizers without restriction to the narrow constituent range for DAP. A revised BACT determination to include MAP production at this plant is also included.

I recommend your approval and signature.

January 10, 2002 is day 28 of the 90-day timeclock.
