Dear Mr. Morris:

RE: Application(s) for Transfer of Air Permits  
Air Construction and Title V Permits

We received your applications for "Transfer of Permits" and "Transfer of Air Permits" on May 28, 2004, that included both air construction and Title V permits for different facilities and locations. Based on Rules 62-4.120(2) & (3), Florida Administrative Code (F.A.C.), the Department's Bureau of Air Regulation will need additional information in order to process the applications. Pursuant to Rule 62-210.300(7)(a), F.A.C., Transfer of Air Permits, the following additional information must be submitted before processing of the applications will resume:

1. Based on a review of the web site for the Florida Department of State, Division of Corporations, specifically for the listings "Cargill Fertilizer, Inc." and "Cargill Fertilizer, LLC", you are not listed as an official for either corporation. Please provide documentation that you meet the definition criteria at Rule 62-210.200, F.A.C., Definitions – Responsible Official (R.O.), for both corporations. Until proof of legitimacy has been received, then the applications have not been officially received.
2. For the new corporation, Cargill Fertilizer, LLC, please provide documentation that the liability goes with the assets for each facility.

If it is determined that the applications were legally signed by a legitimate R.O., then the official receipt date, as stated above, is May 28, 2004, and a Statement of Compliance for each affected Title V facility, signed by the R.O., must be submitted by no later than July 27, 2004, close of business; and, each Statement of Compliance must cover the timeframe of January 1 through May 31, 2004.

If there are any questions, please call Bruce Mitchell at 850/413-9198 or write to me at the letterhead address.

Sincerely,

Trina L. Vielhauer  
Chief  
Bureau of Air Regulation
