Re: Extension Request/ DEP File No. 0570008-054-AC
Extension of Time for Permit Nos. PSD-FL-315 (0570008-036-AC) and PSD-FL-336 (0570008-044-AC)
Facility Expansion, Animal Feed Ingredient (AFI) Plant Modification and Ammoniated Phosphate Plant

Dear Mr. Stewart,

On October 17, 2006, the Department received a request from Mosaic Fertilizer, LLC (Mosaic) for an extension of time for air construction projects 0570008-036-AC (PSD-FL-315) including associated modifications and 0570008-044-AC (PSD-FL-336), for its Riverview Facility located at 8813 US Highway 41 South, Riverview, Hillsborough County. All planned construction activities and testing are complete for these projects. The purpose of the request is to maintain valid air construction permits throughout the ongoing Title V permit revision process. The Department agrees and the expiration dates are hereby extended to December 1, 2007, to allow sufficient time to process the current Title V revision. No new construction is authorized by this project. The Department notes that it is currently reviewing a request under Project No. 0570008-053-AC (PSD-FL-315G) for remaining construction on the AFI Plant.

A copy of this letter shall be filed with the referenced permit and shall become part of the permit. This permitting decision is issued pursuant to Chapter 403, Florida Statutes.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of

the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Mediation is not available in this proceeding.

This permitting decision is final and effective on the date filed with the clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition pursuant to Rule 62-110.106, F.A.C., and the petition conforms to the content requirements of Rules 28-106.201 and 28-106.301, F.A.C. Upon timely filing of a petition or a request for extension of time, this order will not be effective until further order of the Department.

Any party to this permitting decision (order) has the right to seek judicial review of it under section 120.68 of the Florida Statutes, by filing a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department of Environmental Protection in the Office of General Counsel, Mail Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida, 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The notice must be filed within thirty days after this order is filed with the clerk of the Department. Executed in Tallahassee, Florida.

Bureau of Air Regulation

RE: MOSAIC FERTILIZER, LLC, RIVERVIEW FACILITY – FACILITY ID NO. 0570008
REQUEST TO EXTEND EXPIRATION DATE OF CONSTRUCTION PERMITS

Dear Ms. Vielhauer:

In September 2005, Mosaic Fertilizer, LLC (Mosaic) submitted a Title V revision application for its Riverview facility to the Department Southwest District Office. Mosaic subsequently received a request for additional information (RAI) from Mr. Quaid Noor dated October 21, 2005. That letter indicated that Permit Nos. Permit Nos. 0570008-036-AC/PSD-FL-315, 0570008-041-AC/PSD-FL-315B, 0570008-043-AC/PSD-FL-315D, and 0570008-044-AC/PSD-FL-336 would expire prior to the date that the Title V Operation Permit revision could be issued. In November 2005, Mosaic submitted a letter to the Department requesting extension of the expiration dates of Permit Nos. Permit Nos. 0570008-036-AC/PSD-FL-315, 0570008-041-AC/PSD-FL-315B, 0570008-043-AC/PSD-FL-315D, and 0570008-044-AC/PSD-FL-336 to December 31, 2006 to accommodate processing of a Title V Operation Permit revision. As requested, the Department extended the expiration dates of these permits.

On October 3, 2006, Mosaic received another RAI for the same Title V Operation Permit Revision. This RAI addresses CAM issues for AP Plant (formerly the EP Plant) only, modifications for which were authorized by Permit No. 0570008-044-AC/PSD-FL-336. In this letter from Quaid Noor, the Department recommends that Mosaic request an extension of the expiration date of Permit No. 0570008-044-AC/PSD-FL-336 to accommodate the Title V Revision process since these issues may not be resolved prior to the expiration of the this permit on December 1, 2006.

As per Mr. Noor's recommendation, Mosaic requests that Permit No. 0570008-44-AC/PSD-FL-336 be extended until December 1, 2007 for purposes of accommodating the Title V revision process. Mosaic also requests that the expiration dates of Permit Nos. 0570008-036-AC/PSD-FL-315, 0570008-041-AC/PSD-FL-315B, and 0570008-043-AC/PSD-FL-315D be extended until December 1, 2007 in case additional issues arise with the emission units addressed in these permits.

Thank you for your attention regarding this matter. If you have questions concerning this request, please call me at (813)671-6369, or Scott McCann, Golder Associates Inc. at (352)336-5600.

Sincerely,

Jeffrey M. Stewart
Environmental Superintendent
