THRU: *JMK* J. Harry Kerns, P.E.

FROM: George W. Richardson *GR*

DATE: July 6, 1989

SUBJECT: Hillsborough County - AP
Tampa Electric Gannon Station
Coal Bunkers 1 through 6
Intent to Issue
A029-163823

This permit is for coal bunkers 1 through 6 at the Gannon Station coal fired power plant located at Port Sutton Road, Tampa, Hillsborough County.

These are existing sources that have never been permitted. The Roto-Clones to control coal dust emissions were added to Bunkers 1-4 in April, 1985, on Bunker 5 in November, 1965 and on Bunker 6 in November, 1967.

TECO and the EPCHC have agreed that a public notice is to be published for the existing sources to be permitted.

The EPCHC and I recommend this intent be signed.
