Re: **Modification of Title V Permit – 0850001 – 004 - AV**
FPL Martin Plant

Dear Scott:

Pursuant to our recent conversation, enclosed please find:

- 1) Four sets of Title V permit forms related to the installation of inlet foggers at the FPL Martin plant; and
- 2) A copy of the Air Construction permit (#0850001-005-AC) for the Martin facility, authorizing the installation of inlet air foggers.

Please note that the specific condition on the placard page of the Air Construction permit is the only relevant new permit condition; all the other conditions are already in the Martin Title V permit.

Please modify the Title V permit for the Martin facility to incorporate this new permit condition.

If you should have any questions, please do not hesitate to contact me at (561) 691-7058.

Very truly yours,
