Re: 2007 Statement of Compliance – Title V Source

Dear Mr Hoefert:

Enclosed please find the "Statement of Compliance" for FPL's Martin Plant for Year 2007, as required by condition #52, Appendix TV-2. Attachments include copies of the notifications made to the FDEP District office on equipment malfunctions or downtime.

The following information is being submitted for the Martin Plant as incidents of deviation for Year 2007. This information was previously submitted to the Florida Department of Environmental Protection in quarterly excess emissions reports for Compliance Year 2007. The attachments contain only malfunction "incidents of deviation" for process equipment and Continuous Emission Monitors required for State air permitted parameters and monitoring requirements. Other incidents of CEMS downtime, which are in accordance with the missing data substitution procedures identified in 40 CFR Part 75.30 (Acid Rain Program), have not been included in the attached information based on Florida Power & Light Company's understanding of these Regulations, which do not require a description of the incident to be included as part of the quarterly Electronic Data Report (EDR) submittal. (Ref.40 CFR Part 75.64(a)(2)vi).

Please feel free to contact me at (561) 691-2781 or Michael Szybinski at (561) 691-2898 if you have any questions.

Sincerely,

R. B. Fenell

COMPLIANCE STATEMENT (Check only one of the following three options)

A. This facility was in compliance with all terms and conditions of the Title V Air Operation Permit and, if applicable, the Acid Rain Part, and there were no reportable incidents of deviations from applicable requirements associated with any malfunction or breakdown of process, fuel burning or emission control equipment, or monitoring systems during the reporting period identified above.

B. This facility was in compliance with all terms and conditions of the Title V Air Operation Permit and, if applicable, the Acid Rain Part; however, there were one or more reportable incidents of deviations from applicable requirements associated with malfunctions or breakdowns of process, fuel burning or emission control equipment, or monitoring systems during the reporting period identified above, which were reported to the Department. For each incident of deviation, the following information is included:

1. Date of report previously submitted identifying the incident of deviation.
2. Description of the incident.

C. This facility was in compliance with all terms and conditions of the Title V Air Operation Permit and, if applicable, the Acid Rain Part, EXCEPT those identified in the pages attached to this report and any reportable incidents of deviations from applicable requirements associated with malfunctions or breakdowns of process, fuel burning or emission control equipment, or monitoring systems during the reporting period identified above, which were reported to the Department. For each item of noncompliance, the following information is included:

1. Emissions unit identification number.
2. Specific permit condition number (note whether the permit condition has been added, deleted, or changed during certification period).
3. Description of the requirement of the permit condition.
4. Basis for the determination of noncompliance (for monitored parameters, indicate whether monitoring was continuous, i.e., recorded at least every 15 minutes, or intermittent).
5. Beginning and ending dates of periods of noncompliance.
6. Identification of the probable cause of noncompliance and description of corrective action or preventative measures implemented.
7. Dates of any reports previously submitted identifying this incident of noncompliance.

For each incident of deviation, as described in paragraph B. above, the following information is included:

1. Date of report previously submitted identifying the incident of deviation.
2. Description of the incident.
