RE: PSD-FL-084, Curtis H. Stanton Electric Utility

Dear Mr. Shoup:

We have reviewed your letter dated December 6, 1983, notifying us that construction has commenced on the above referenced facility. We concur that construction has begun under the definition of "begin actual construction" contained in 40 CFR §52.21(b)(11). However, the driving of pilings does not constitute commencement of construction without continuous on-site development as referenced in the definition of "commence" contained in 40 CFR §52.21(b)(9)(i).

Please note that your letter will also serve as compliance with your Prevention of Significant Deterioration permit, General Condition 1, regarding notification to the permitting authority of the beginning of construction.

If you have any questions or comments, you may contact Mr. Clair Fancy of the Florida Department of Environmental Regulation at 904/488-1344 or Mr. Michael Brandon of my staff at 404/881-7654.

Sincerely yours,

James T. Wilburn, Chief  
Air Management Branch  
Air and Waste Management Division
