Re: Revised Certificate of Representation, Acid Rain Program
Orlando CoGen Limited, L.P.
ORIS Code: 54466
State ID: 0950203

Dear Ms. Vielhauer:

Northern Star Generation Services Company LLC, on behalf of Orlando CoGen, is submitting a revised copy of Orlando CoGen's Certificate of Representation under the Acid Rain Program. This submittal will change the facility's Designated Representative. We have sent the original copy of the Certificate of Representation to the U.S. Environmental Protection Agency in Washington, D.C.

If you have any further questions or comments regarding this submission, please call me at 407-851-1350. Thank you very much for your assistance.

Sincerely,

Todd Shirley
Plant Manager

Enclosure

File

Certificate of Representation

NOV 08 2004

For more information, see instructions and refer to 40 CFR 72.24

This submission is: • New • Revised (revised submissions must be complete; see instructions)

BUREAU OF AIR REGULATION

STEP 1
Identify the source by plant name, State, and ORIS code.

ORLANDO COGEN Plant Name	FL State	54466 ORIS Code
-----------------------------	-------------	--------------------

STEP 2
Enter requested information for the designated representative.

TODD SHIRLEY Name	
8275 Exchange Drive Orlando, FL 32809 Address	
407-851-1350 Phone Number	407-851-1686 Fax Number
todd.shirley@northernstargencom E-mail address (if available)	

STEP 3
Enter requested information for the alternate designated representative, if applicable.

Name	
Phone Number	Fax Number
E-mail address (if available)	

STEP 4: Complete Steps 5 and 6, read the certifications, sign and date.

I certify that I was selected as the designated representative or alternate designated representative, as applicable, by an agreement binding on the owners and operators of the affected source and each affected unit at the source.

I certify that I have given notice of the agreement, selecting me as the 'designated representative' for the affected source and each affected unit at the source identified in this certificate of representation, in a newspaper of general circulation in the area where the source is located or in a State publication designed to give general public notice.

I certify that I have all necessary authority to carry out my duties and responsibilities under the Acid Rain Program on behalf of the owners and operators of the affected source and of each affected unit at the source and that each such owner and operator shall be fully bound by my actions, inactions, or submissions.

I certify that I shall abide by any fiduciary responsibilities imposed by the agreement by which I was selected as designated representative or alternate designated representative, as applicable.

I certify that the owners and operators of the affected source and of each affected unit at the source shall be bound by any order issued to me by the Administrator, the permitting authority, or a court regarding the source or unit.

Where there are multiple holders of a legal or equitable title to, or a leasehold interest in, an affected unit, or where a utility or industrial customer purchases power from an affected unit under life-of-the-unit, firm power contractual arrangements, I certify that:

I have given a written notice of my selection as the designated representative or alternate designated representative, as applicable, and of the agreement by which I was selected to each owner and operator of the affected source and of each affected unit at the source; and

Allowances and the proceeds of transactions involving allowances will be deemed to be held or distributed in proportion to each holder's legal, equitable, leasehold, or contractual reservation or entitlement or, if such multiple holders have expressly provided for a different distribution of allowances by contract, that allowances and the proceeds of transactions involving allowances will be deemed to be held or distributed in accordance with the contract.

The agreement by which I was selected as the alternate designated representative, if applicable, includes a procedure for the owners and operators of the source and affected units at the source to authorize the alternate designated representative to act in lieu of the designated representative.

Orlando Cogen
 Plant Name (from Step 1)

I am authorized to make this submission on behalf of the owners and operators of the affected source or affected units for which the submission is made. I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment.

<i>Orlando Cogen</i> Signature (designated representative)	Date 11/2/2004
Signature (alternate designated representative)	Date

STEP 5
 Provide the name of every owner and operator of the source and identify each affected unit they own and/or operate.

Orlando Cogen Limited, L.P.					<input checked="" type="radio"/> Owner	<input checked="" type="radio"/> Operator
054466000

Acid Rain Program

Instructions for

Certificate of Representation (40 CFR 72.24)

Under the Acid Rain Program (at 40 CFR part 72 subpart B), the owners and operators for each affected source must designate a representative, and may designate an alternate, to act on their behalf. The owners and operators must choose the designated representative through a process that ensures that all owners and operators have notice regarding the selection. All affected units at a source must have the same designated representative. The designated representative is responsible for all submissions and allowance transactions relating to the units at that source, and is liable for acts or omissions within the scope of his or her responsibilities under the Acid Rain Program.

Please type or print. If more space is needed, photocopy the second page. Indicate the page order and total number of pages (e.g., 1 of 4, 2 of 4, etc.) in the boxes in the upper right hand corner of each page. **A Certificate of Representation amending an earlier submission supersedes the earlier submission *in its entirety*. A revised Certificate of Representation must therefore *be complete*, including original signature(s) and dating by the designated representative (and the alternate designated representative, if applicable), as required under 40 CFR 72.24(a) and 72.25(a).**

Submit one Certificate of Representation form with **original** signatures. Remember that under 40 CFR 72.21, the designated representative must notify each owner and operator of all Acid Rain Program submissions. For assistance, call the Acid Rain Hotline at (202) 343-9620.

STEP 1 An ORIS code is a 4 digit number assigned by the Energy Information Administration (EIA) at the U.S. Department of Energy to power plants owned by utilities. If the plant is not owned by a utility but has a 5 digit facility code (also assigned by EIA), use the facility code. If no code has been assigned or if there is uncertainty regarding what the code number is, contact Elsie Bess with EIA at (202) 287-1730.

STEP 2 The designated representative must be a natural person and cannot be a company. Please enter the firm name and address as it should appear on all correspondence. **All EPA correspondence is mailed to the designated representative *only*.** An alternate designated representative must rely on the designated representative to forward information mailed by EPA to the designated representative.

STEP 3 Although not required, **EPA strongly encourages owners and operators to designate an alternate designated representative to act on behalf of the designated representative.**

STEP 4 The public notice declaring the appointment of a designated representative must be posted for at least **one day**.

STEP 5 See 40 CFR 72.2 for the definitions of "owner" and "owner or operator." Enter the company name of the owner(s) and operator in the "Name" field. Indicate whether the company is the owner, operator, or both. If the operator of a unit has not yet been chosen, indicate that the owner is both the owner and operator and submit a revised form when the operator has been selected within 30 days of the effective date of the selection. Identify each affected unit at the affected source that is owned

STEP 5, cont'd. or operated by the named party by providing the appropriate unit identification number. Do not provide any identifiers for steam turbines or duct burners. The identification number entered for each affected unit should be consistent with previously submitted Certificates of Representation (if applicable) and with unit identification numbers used in reporting to DOE and/or EIA. For new units without identification numbers, owners and operators may assign such numbers consistent with EIA and DOE requirements. All submissions to EPA that include the unit identification number(s) (monitoring plans, quarterly reports, etc.) should reference those unit identification numbers in exactly the same way that they are referenced on the Certificate of Representation.

STEP 6 Estimate the date the unit will commence commercial operation. A unit commences commercial operation on the first date that the generator(s) served by the unit is connected to the grid and produces electricity. See 40 CFR 72.2 for the definition of "commence commercial operation."

Mail this form to:

For regular mail:

U.S. Environmental Protection Agency
Clean Air Markets Division (6204J)
Attention: Designated Representative
1200 Pennsylvania Ave., NW
Washington, DC 20460

For overnight mail:

U.S. Environmental Protection Agency
Clean Air Markets Division (6204J)
Attention: Designated Representative
1310 L St., NW
Washington, DC 20005
(202) 343-9170

Submit this form prior to making any other submissions under the Acid Rain Program. This form must be submitted before participating in the annual auctions and sales of allowances. EPA will not issue proceeds from auctions or sales to a unit until it receives a complete Certificate of Representation. Submit a revised Certificate of Representation when any information in the existing Certificate of Representation changes. **EPA must be notified of changes to owners and operators within 30 days of the effective date of the change.**

Paperwork Burden Estimate

The public reporting and recordkeeping burden for this collection of information is estimated to average 27 hours per response annually. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822T), 1200 Pennsylvania Ave., NW., Washington, D.C. 20460. Include the OMB control number in any correspondence. **Do not send the completed form to this address.**
