Dear Mr. Linero:

Re: Intercession City - DEP Permit No. AC49-203114 & PSD-FL-180
Draft Permit Amendment to Burn Natural Gas in Units P7 through P11

Florida Power Corporation (FPC) has received the draft permit referenced above. The Intent to Issue notice was published in the Orlando Sentinel on July 21, 1995. The proof of publication of this public notice is enclosed.

FPC has one comment on the draft permit. While burning natural gas, Units P7 through P10 are able to reach slightly higher heat input levels than while burning No. 2 oil. As given in the permit application, the following heat input levels can be reached by each unit:

GE Frame 7EA Units (P7 - P10)	<u>Temp. (F)</u>	<u>Heat Input (MMBtu/hr)</u>
	20	1,159
	59	1,048
	90	955
Siemens Unit (P11)	20	1,609
	59	1,477
	95	1,355

FPC requests that the heat input values given above be included in the permit amendment as the heat input values that are allowed while burning natural gas. Also, the emission limits given in the draft amendment should be described as the limits while burning natural gas to avoid any potential confusion with the limits for No. 2 oil combustion.

Mr. Al Linero

Thank you for your consideration of these comments. FPC would appreciate an expedient issuance of the final permit amendment. Please feel free to contact me at (813) 866-4344 if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. Michael Kennedy".

COUNTY OF ORANGE

Before the undersigned authority personally appeared Joyce L. Wyrwal, who on oath says that he/she is the Legal Advertising Representative of The Orlando Sentinel, a daily newspaper published at ORLANDO in ORANGE County, Florida; that the attached copy of advertisement, being a STATE OF FLORIDA in the matter of PSD-FL-180A AC49-203114 in the ORANGE Court, was published in said newspaper in the issue; of 27/21/95

Affiant further says that the said Orlando Sentinel is a newspaper published at ORLANDO in said ORANGE County, Florida, and that the said newspaper has heretofore been continuously published in said ORANGE County, Florida, each Week Day and has been entered as second-class mail matter at the post office in ORLANDO in said ORANGE County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he/she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

The foregoing instrument was acknowledged before me this 21 day of July, 1995, by Joyce L. Wyrwal, who is personally known to me and who did take an oath.

(SEAL)

Joyce L. Wyrwal

STATE OF FLORIDA
DEPARTMENT OF
ENVIRONMENTAL
PROTECTION
NOTICE OF INTENT
TO ISSUE PERMIT
AMENDMENT
PSD-FL-180A
AC49-203114

The Department of Environmental Protection gives notice of its intent to issue an amendment of Permit PSD-FL-180 (AC49-203114) to Florida Power Corporation to allow the use of natural gas, an inherently less polluting fuel available on an interruptible basis as a supplemental fuel for electrical Peaking Units P7 through P11 located in Intercession City, Osceola County. When using natural gas, actual and allowable emissions of Introgen oxides, sulfur dioxide, and particulate matter will be lower than actual and allowable emissions when burning fuel oil. These benefits are reflected in a revision to the previously-issued Best Available Control Technology (BACT) determination pursuant to Prevention of Significant Deterioration (PSD). A person whose substantial interests are affected by the department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.).

The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the department at 2800 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) pursuant to Section 120.57, F.S.

The petition shall contain the following information: (a) the name, address and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the department's action or proposed action; and (g)

A statement of the relief sought by petitioner, stating precisely the action petitioner wants the department to take with respect to the department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207 Florida Administrative Code.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday except legal holidays, at: Department of Environmental Bureau of Air Regulation 111 S. Magnolia Drive, Suite 4 Tallahassee, Florida 32301 Department of Environmental Protection

Central District 3319 Mequire Blvd, Suite 232 Orlando, Florida 32803-3767

Any person may send written comments on the proposed action to Administrator, New Source Review Section, at the Department's Tallahassee address. All comments received within 14 days of the publication of this notice will be considered in the Department's final determination.
