Re: Draft Air Permit No. 0970014-014-AV, Title V Permit Revision
Draft Air Permit No. 0970014-013-AC, Concurrent Air Construction Permit
Intercession City Plant

Dear Ms. Turner:

Enclosed is a permit package to revise the Title V air operation permit and the air construction permit for the Intercession City Plant. This permitting action withdraws draft air construction permit No. 0970014-012-AC issued on March 4, 2008 and replaces it with this permit package. The facility is located in Osceola County at 6525 Osceola-Polk County Line Road, Intercession City, Florida. The permit package includes the following documents:

- The Statement of Basis, which summarizes the facility, the equipment, the primary rule applicability, and the changes since the last Title V revision.
- The Technical Evaluation and Preliminary Determination, which summarizes the minor revisions to specific conditions from existing air construction permits.
- The draft air construction permit and the draft Title V air operation permit revision, which include the specific permit conditions that regulate the emissions units covered by the proposed project.
- The Written Notice of Intent to Issue Air Permits, which provides: the Department's written notice of intent to issue air permits for the proposed project; the requirements for publishing a Public Notice of the Department's intent to issue air permits; the procedures for submitting comments on the Draft Permits; the process for filing a petition for an administrative hearing; and the availability of mediation.
- The Public Notice of Intent to Issue Air Permits which is the actual notice that you must have published in the legal advertisement section of a newspaper of general circulation in the area affected by this project. The Public Notice of Intent to Issue Title V Air Operation Permit Revision must be published as soon as possible and the proof of publication must be provided to the Department within seven days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit revision pursuant to Rule 62-110.106(11), Florida Administrative Code (F.A.C.).

If you have any questions, please contact the project engineer, Russell Wider, P.E., at 850/921-9527, or by email at Russell.Wider@dep.state.fl.us.

Sincerely,

Trina Vielhauer, Chief
Bureau of Air Regulation
