Re: Incompleteness Letter, File Number 0990234-011-AC
Extension of Permit Number 0990234-006-AC/PSD-FL-108F

Dear Mr. Hammond:

On March 3, 2008, the Department received an air construction (AC) permit application to extend the subject AC/prevention of significant deterioration (PSD) permit. The reason indicated to us for the extension is contractor delays. A one year extension of the March 31, 2008 expiration date was requested.

After review, it has been determined that the application is incomplete. In order to continue processing your application, the Department will need the additional information requested below. Should your response to any of the below items require new calculations, please submit the new calculations, assumptions, reference material and appropriate revised pages of the application form.

1. Thank you for providing the construction schedule from the contractor with the submittal. After reviewing the construction schedule it was not clear whether or not construction has commenced.
 - a. Has construction commenced? And if so, when and what specific activity(ies) have taken place? {See the definitions in Rule 62-210.200, Florida Administrative Code (F.A.C.) for “commence construction” and “construction.”}
2. Thank you for providing the updated best available control technology (BACT) analysis with the submittal. BACT had been proposed by the applicant in the application filed on May 4, 2005. The final BACT for this project was issued on February 2, 2006.
 - a. Is this a “phased construction project” under 40 CFR 52.21(j)(4)?

The Department will resume processing the application after receipt of the requested information. Rule 62-4.050(3), F.A.C. requires that all applications for a Department construction permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. For any material changes to the application, please include a new certification statement by the authorized representative. You are reminded that Rule 62-4.055(1), F.A.C. now requires applicants to respond to requests for information within 90 days or provide a written request for an additional period of time to submit the information.

If you should have any questions, please contact me by telephone at 850/921-9532 or by e-mail at Scott.Sheplak@dep.state.fl.us.

Sincerely,

Scott M. Sheplak, P.E.

Mr. Sheplak-

Attached is a response letter CDM has prepared on behalf of SWA regarding the incompleteness letter. Please feel free to contact me with any additional questions you may have. A hard copy is being mailed to your attention.

Best regards,

Amber M. Barritt, P.E.
