Barbara P. Linkiewicz
Environmental Licensing Manager
Florida Power & Light Company

Certificate of Representation

For more information, see instructions and refer to 40 CFR 72.24

This submission is: New Revised (revised submissions must be complete; see instructions)

STEP 1

Identify the source by plant name, State, and ORIS code.

Plant Name	West County Energy Center	State	FL	ORIS Code	56407
------------	----------------------------------	-------	-----------	-----------	--------------

STEP 2

Enter requested information for the designated representative.

Name	R. Bryan Fennell, General Manager Environmental Services				
Address	P. O. Box 14000 700 Universe Blvd. Juno Beach, Florida 33408-0420				
Phone Number	561-691-2781	Fax Number	561-691-2606		
E-mail address (if available)	r_b_fennell@fpl.com				

STEP 3

Enter requested information for the alternate designated representative, if

Name	Adalberto Alfonso, Vice President Power Generation – FPL Operations				
Phone Number	561-691-2900	Fax Number	561-691-2606		
E-mail address (if available)	adalberto_alfonso@fpl.com				

STEP 4

Complete Step 5, read the certifications, and sign and date. For a designated representative of a combustion or process source under 40 CFR part 74, the references in the certifications to "affected unit" or "affected units" also apply to the combustion or process source under 40 CFR part 74 and the references to "affected source" also apply to the source at which the combustion or process source is located.

I certify that I was selected as the designated representative or alternate designated representative, as applicable, by an agreement binding on the owners and operators of the affected source and each affected unit at the source.

I certify that I have given notice of the agreement, selecting me as the 'designated representative' for the affected source and each affected unit at the source identified in this certificate of representation, in a newspaper of general circulation in the area where the source is located or in a State publication designed to give general public notice.

I certify that I have all necessary authority to carry out my duties and responsibilities under the Acid Rain Program on behalf of the owners and operators of the affected source and of each affected unit at the source and that each such owner and operator shall be fully bound by my actions, inactions, or submissions.

I certify that I shall abide by any fiduciary responsibilities imposed by the agreement by which I was selected as designated representative or alternate designated representative, as applicable.

I certify that the owners and operators of the affected source and of each affected unit at the source shall be bound by any order issued to me by the Administrator, the permitting authority, or a court regarding the source or unit.

Where there are multiple holders of a legal or equitable title to, or a leasehold interest in, an affected unit, or where a utility or industrial customer purchases power from an affected unit under life-of-the-unit, firm power contractual arrangements, I certify that:

I have given a written notice of my selection as the designated representative or alternate designated representative, as applicable, and of the agreement by which I was selected to each owner and operator of the affected source and of each affected unit at the source; and

Allowances and the proceeds of transactions involving allowances will be deemed to be held or distributed in proportion to each holder's legal, equitable, leasehold, or contractual reservation or entitlement or, if such multiple holders have expressly provided for a different distribution of allowances by contract, that allowances and the proceeds of transactions involving allowances will be deemed to be held or distributed in accordance with the contract.

The agreement by which I was selected as the alternate designated representative, if applicable, includes a procedure for the owners and operators of the source and affected units at the source to authorize the alternate designated representative to act in lieu of the designated representative.

West County Energy Center

Plant Name (from Step 1)

I am authorized to make this submission on behalf of the owners and operators of the affected source or affected units for which the submission is made. I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment.

EPA Acid Rain Program Instructions for Certificate of Representation (40 CFR 72.24)

Under the Acid Rain Program (at 40 CFR part 72 subpart B), the owners and operators for each affected source must designate a representative, and may designate an alternate, to act on their behalf. The owners and operators must choose the designated representative through a process that ensures that all owners and operators have notice regarding the selection.

All affected units at a source must have the same designated representative. The designated representative is responsible for all submissions and allowance transactions relating to the units at that source, and is liable for acts or omissions within the scope of his or her responsibilities under the Acid Rain Program.

Please type or print. If more space is needed, photocopy the second page. Indicate the page order and total number of pages (e.g., 1 of 4, 2 of 4, etc.) in the boxes in the upper right hand corner of each page. A **Certificate of Representation amending an earlier submission supersedes the earlier submission *in its entirety***. A revised Certificate of Representation must therefore ***be complete***, including original signature(s) and dating by the designated representative (and the alternate designated representative, if applicable), as required under 40 CFR 72.24(a) and 72.25(a).

Submit one Certificate of Representation form with **original** signatures. Remember that under 40 CFR 72.21, the designated representative must notify each owner and operator of all Acid Rain Program submissions.

For assistance, call the Acid Rain Hotline at (202) 564-9620.

STEP 1 An ORIS code is a 4 digit number assigned by the Energy Information Administration (EIA) at the U.S. Department of Energy to power plants owned by utilities. If the plant is not owned by a utility but has a 5 digit facility code (also assigned by EIA), use the facility code. If no code has been assigned or if there is uncertainty regarding what the code number is, contact EIA at (202) 287-1730 (for ORIS codes), or (202) 287-1927 (for facility codes).

For a combustion or process source under 40 CFR part 74, enter the ORIS or facility code if one has been assigned by EIA. If not, leave blank.

STEP 2 The designated representative must be a natural person and cannot be a company. Please enter the firm name and address as it should appear on all correspondence. **All EPA correspondence is mailed to the designated representative *only***. An alternate designated representative must rely on the designated representative to forward information mailed by EPA to the designated representative.

STEP 3 Although not required, **EPA strongly encourages owners and operators to designate an alternate designated representative** to act on behalf of the designated representative.

STEP 4 The public notice declaring the appointment of a designated representative must be posted for at least **one day**. Also, all certification statements apply to the designated representative of combustion or process sources seeking to become opt-in sources under 40 CFR part 74.

STEP 5 See 40 CFR 72.2 for the definitions of "owner" and "owner or operator." Enter the company name of the owner(s) and operator in the "Name" field. Indicate whether the company is the owner, operator, or both. If the operator of a unit has not yet been chosen, indicate that the owner is both the owner and operator and submit a revised form

STEP 5, cont'd.

when the operator has been selected within 30 days of the effective date of the selection.

Identify each affected unit at the affected source that is owned or operated by the named party by providing the appropriate unit identification number. Do **not** provide any identifiers for steam turbines or duct burners.

The identification number entered for each affected unit should be consistent with previously submitted Certificates of Representation (if applicable) and with unit identification numbers used in reporting to DOE and/or EIA. For new units without identification numbers, owners and operators may assign such numbers consistent with EIA and DOE requirements. All submissions to EPA that include the unit identification number(s) (monitoring plans, quarterly reports, etc.) should reference those unit identification numbers in **exactly** the same way that they are referenced on the Certificate of Representation.

Mail this form to:

U.S. Environmental Protection Agency
Acid Rain Program (6204N)
Attention: Designated Representative

by regular or certified mail: or overnight mail:

1200 Pennsylvania Ave., NW
Washington, DC 20460

633 3rd St., NW
Washington DC 20001
(202) 564-9150

Submit this form prior to making any other submissions under the Acid Rain Program. This form must be submitted before participating in the annual auctions and sales of allowances. EPA will not issue proceeds from auctions or sales to a unit until it receives a complete Certificate of Representation.

Combustion or process sources seeking to become opt-in sources under 40 CFR part 74 must submit this form prior to or concurrent with the opt-in permit application under 40 CFR 74.14.

Submit a revised Certificate of Representation when any information in the existing Certificate of Representation changes. **EPA must be notified of changes to owners and operators within 30 days of the effective date of the change.**

Paperwork Burden Estimate

The burden on the public for collecting and reporting information under this request is estimated at 35 hours per response.
