Subject: Bartow Test Burn Permit Application - Extension of Time for Completeness Review

Good afternoon David -

Please find attached an extension of time for completeness review for the Bartow test Burn Permit application. If you have any questions regarding the attached correspondence, please contact me. As requested in the past, the original request will be forwarded to you via US Postal Service.

Again, thank you for your assistance and patience on this project that Progress Energy hopes will answer a number of questions regarding these possible sources of renewable fuel.

Gratefully,

Chris Bradley
