Ms. Tammy T. McWade  
Florida Department of Environmental Protection  
Bob Martinez Center  
2600 Blair Stone Road  
Tallahassee, Florida 32399-2400

Dear Ms. McWade,

With the submittal of this letter the City of St. Petersburg formally requests the withdrawal of the air construction permit application for the Biosolids Improvement Project (BIP) at the Southwest Water Resource Facility (FDEP Project No. 1030558-001-AC). As discussed during our phone conversation on January 30, 2015, the BIP is undergoing minor design modifications due to a reduced electrical load requirement. The City fully intends on submitting a new air construction permit application for the BIP reflecting the design modifications once they have been finalized. The City sincerely appreciates the FDEP's cooperation and assistance in this matter.

Regards,

Steven K. Leavitt, P.E.  
Director, Water Resources Department  
City of St. Petersburg, Florida
