RE: AC53-222859 (PSD-FL-199), AFI Air Classifier

Dear Mr. Brown:

In reference to our letter dated March 29, 1993, to Mr. Preston Lewis, we would like to withdraw our request for the two-year extension to the above referenced permit. We request that the permit be issued with the original expiration date that was on the proposed permit.

Thank you for you attention in this matter. If additional information is needed, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "J. M. Baretincic".

Re: Proposed Permit No. AC53-222859, PSD-FL-199
AFI Air Classifier

Dear Mr. Baretincic:

The Department received your March 29 letter requesting a two year extension of the subject permit expiration date due to a market downturn in the phosphate industry.

If the two year extension is effected, before the permit is issued a condition would have to be added requiring re-evaluation of the BACT analysis before construction begins. If you want us to process the two year extension with BACT re-evaluation required, please advise. If there are questions, please contact Preston Lewis or John Reynolds at (904) 488-1344.

Sincerely,

John C. Brown, Jr., P.E.

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL REGULATION
NOTICE OF INTENT TO ISSUE PERMIT
The Department of Environmental Regulation gives notice of its intent to issue a permit to IMC Fertilizer, Inc., Highway 640 & County Line Road, Mulberry, Florida 33660 to construct an air classifier and air pollution control system of their Animal Feed Ingredient facility in Polk County. A determination of Best Available Control Technology (BACT) is required. The proposed project is subject to Prevention of Significant Deterioration (PSD) regulations. Modeling results show that increases in ground-level concentrations are less than the significant impact levels for applicable pollutants. The Department is issuing this intent to issue for the reasons stated in the Technical Evaluation and Preliminary Determination.
A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within 14 days of publication of this notice. Petitioners shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes. The petition shall contain the following information: (a) the name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) a statement of how and when each petitioner received notice of the Department's action or proposed action; (c) a statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) a statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (e) a statement of facts which petitioner contends require reversal or modification of the Department's action or proposed action; and (f) a statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.
If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-3.207, F.A.C.
The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
Department of Environmental Regulation
Bureau of Air Regulation
2600 Blair Stone Road
Tallahassee, Florida 32399-2400
Department of Environmental Regulation
Southwest District
3804 Coconut Palm Drive
Tampa, Florida 33618-8218
Any person may send written comments on the proposed action to Mr. Preston Lewis of the Department's Tallahassee address. All comments received within 30 days of the publication of this notice will be considered in the Department's final determination. Further, a public hearing can be requested by any person(s). Such requests must be submitted within 30 days of this notice.
