Re: Tampa Electric Company-Polk Power Station Unit No. 6

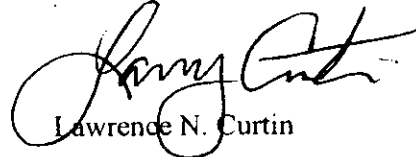

Dear Ms. Vielhauer:

As you are probably aware, Tampa Electric Company has withdrawn the Site Certification Application for the Polk Power Station Unit No. 6 Integrated Gasification Combined Cycle project that was filed with the Department on September 11, 2007. The purpose of this letter is to also withdraw the Air Construction/Prevention of Significant Deterioration Permit application for that project that was also filed on September 11, 2007. The withdrawal is without prejudice to any pending proceedings or future filings.

Thank you for your assistance and cooperation in this matter. We look forward to working with you in the near future. Please let me know if you have any questions or need additional information.

Sincerely yours,
