*RE: Prevention of Significant Deterioration Construction Permit Application
Klausner Holding USA Inc. – Suwannee, FL*

Dear Mr. Koerner:

Klausner Holding USA Inc. (Klausner) submitted a Prevention of Significant Deterioration (PSD) construction permit application via the Department of Environmental Protection's (DEP's) Electronic Permit Submittal and Processing (EPSAP) system for a greenfield lumber production facility to be located in Suwannee County, Florida (Suwannee mill). Due to the file size limitations of EPSAP, Klausner provided associated appendices and modeling files via an FTP site set up by DEP specifically for this application submittal.¹

Due to the potential emissions of volatile organic compounds (VOC) and carbon monoxide (CO), each exceeding 250 tons per year (tpy), the proposed Suwannee mill will be a new major stationary source as defined in Rule 62-210.200(189)(a)2 of the Florida Administrative Code (F.A.C.). The DEP has established preconstruction review requirements for new major stationary sources under Chapter 62-212, F.A.C. "Stationary Sources – Preconstruction Review," implementing the federal New Source Review (NSR) permitting program through their United States Environmental Protection Agency (EPA) approved State Implementation Plan (SIP).²

Klausner submitted the PSD construction permit application pursuant to Rule 62-212.300(1)(a), F.A.C. The EPSAP permit application number for the submitted application is #2970-1. The professional engineer (P.E.) signature document generated by EPSAP is included as an attachment to this cover letter submittal.

Rule 62-4.050(4)(a)1., F.A.C., establishes a processing fee of \$7,500 for a construction permit requiring PSD preconstruction review. The PSD construction permit application fee is enclosed with this cover letter submittal. The permit application fee form generated by the EPSAP system is also included as an attachment.

¹ The supplemental electronic files were transferred to the FTP site on January 6, 2012.

² Based on the statutory authority of Part C of Title I of the Clean Air Act, 42 U.S.C. §§7470-7492.

~~~~~

If you have any questions or comments about the information included in this submittal please do not hesitate to contact me at (407) 982-2891 and [mballenger@trinityconsultants.com](mailto:mballenger@trinityconsultants.com), or Ms. Sabine Merkle at [sabine.merkle@klausner-group.com](mailto:sabine.merkle@klausner-group.com) .

Sincerely,

TRINITY CONSULTANTS

Michael Ballenger, P.E.  
Manager of Consulting Services

Application Contact: *Michael Funk*

Professional Engineer of Record: *Michael Ballenger*

The division requests that the application contact and/or professional engineer of record answer the following questions on job creation regarding the project.

- How many temporary construction jobs will be created? How long (months) will construction take?
- How many new permanent jobs will be created at the facility once the project is complete?
- How many new permanent local jobs will be created in the vicinity of the facility as a result of the project? What types of jobs will these be?

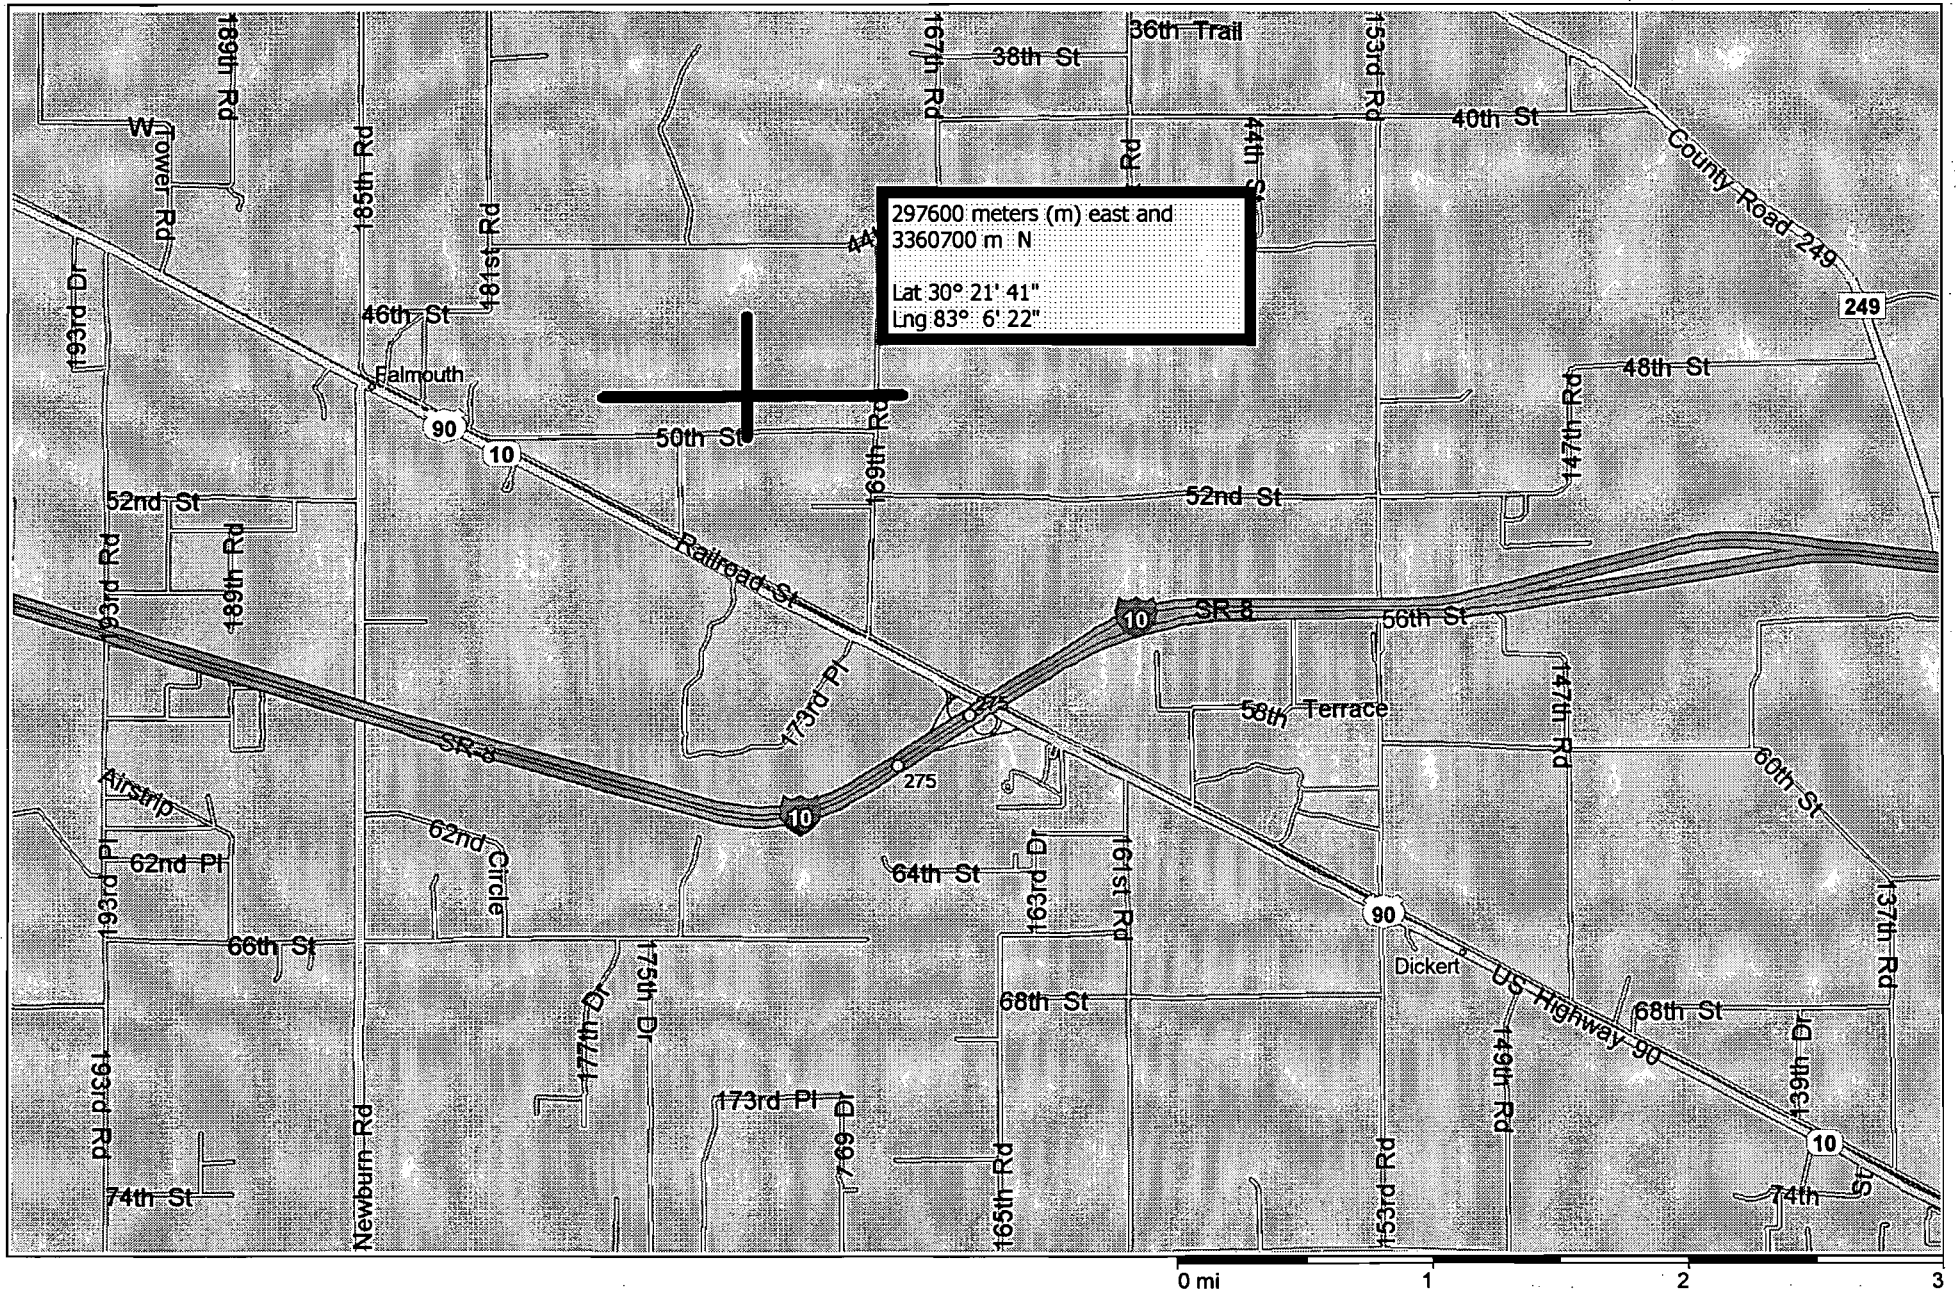

Please direct the job information to me.

Thanks,

*Lynn Scarce*
