**Subject:** Title V renewals

After our meeting with Mike C. this morning on the heat input issue and discussions of how to proceed and what legal actions are pending out there, I thought this would be helpful for you and all of our permittees.

Priority #1: demonstrating that the heat input issue is resolved

The renewals that are affected by this issue [according to my records] follow. For those in which extensions of time have been filed, we need to email a draft proposed permit to their attorney and a cc. to the responsible official. **IF THE COMMENT PERIOD HASN'T EXPIRED YET, WE SHOULD NOTE THAT, BARRING ANY COMMENTS, HERE IS WHAT WE INTEND TO ISSUE.** Once they've reviewed and concurred and the comment period has passed, their attorney will withdraw the extensions of time [or notify us they will not be petitioning]. Mike requested this be done by Tuesday afternoon for as many as possible. I suggest we start with those permits where heat input is the only outstanding issue.

Gulf Power Smith	no outstanding requests for extensions of time
Gulf Power Schultz	no outstanding requests for extensions of time
OUC Stanton	no outstanding requests for extensions of time
KUA	no outstanding requests for extensions of time
GRU	no outstanding requests for extensions of time
Tiger Bay	facility has requested a 2 <sup>nd</sup> extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
DeBary check LCT: 1270028-007AV.	I'm not showing a list of any extensions requested? Vickie- can you double
Sanford	facility requested an extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
Crist	just filed new request for extension until November 8 bc. southern company's in house attorney out of town to discuss permit shield language. I told them we need to get these out but the 8 <sup>th</sup> would be ok.
Anclote	we resolved, attorney filed withdrawal of extension of time and has gone proposed already so case can be closed in LCT

Priority #2: getting the other renewals to proposed status

The biggest issues I've heard on drafts have been CAM or heat input. Are there others we need to discuss internally? We need to get these to proposed status in the next 2 weeks also. Here is a status on extensions of time on these other renewals. I'm not sure when each permit's 30 day comment period ends.

Bartow	extension of time expires today
--------	---------------------------------

11/1/2004

Progress Suwannee	extension of time expires today
Progress Turner	we denied 3 <sup>rd</sup> extension request; have until today to file full petition
Progress u of f	we denied extension of time; have until today to file a full petition
Crystal River	extension of time expires today
Seminole	extension of time expires today
TECO Big Bend	extension of time expires today
TECO Bayside	no extensions of time filed
TECO Polk	no extensions of time filed
Reliant Indian River	proposed sent to EPA
Indiantown cogen	Vickie- can you refresh my memory. Did they request extension of time?
Stock Island	no extensions of time filed
FPL Canaveral	proposed sent to EPA

Vickie,

I'll be meeting with Mike at 10 on the biggest issue out there ~~on these Title V~~ permits [for GRU, Progress Tiger Bay, Progress DeBary, OUC Stanton, Gulf Power's facilities, and FPL Sanford].

If the companies have not filed a NEW request for extension of time- there isn't anything for us to grant or deny yet [we do need to figure out if we can close the case and issue proposed or not]. I'll be sending everyone a note after this meeting with Mike on how we can proceed...

Thanks

Hi,

A couple more extension of time are expiring today:

Tampa Electric Big Bend Station 0570039-016-AC

" " " 0570039-017-AV

TARMAC America 0250020-013-AV

Status of these permits would be?

Trina:

Best for FPL if this is permit issued by yearend, not because of changes they made, but because they failed to include some things in their application that we caught for them.

In any case (we think) they should update their application so they can run on it if permitting does not end by December 31st.

Let Vicky know if she should set up 10 minutes to discuss. Tom and I are available.

Al.

Hi,

Would you like to grant this extension? If so, would it be fine to have the expiration through November 1st?

Let me know how you would like to proceed?

Thanks.

Vickie

Re: Draft Title V Permit No. 1270009-011-AV FPL Sanford Plant  
Extension for Petition Period Request

Dear Ms. Carter:

The Sanford Power Plant referenced permit was received on Oct. 5, 2004. FPL requests an extension to file petition for the addressed permit by November 15, 2004. The primary need for the extension is due to unexpected changes from the past operating permit that will require analysis.

Thank you for your consideration of this request. Please do not hesitate to contact Mary Archer at (561) 691-7057 concerning this request.

Sincerely,
