Florida Department
of Environmental Protection
Division of Air Resource Management
Office of Permitting and Compliance
Draft/Proposed Title V Air Operation
Permit No. 1270009-024-AV
Draft Air Construction Permit
Modification No. 1270009-023-AC
Florida Power & Light Company (PSN),
Sanford Power Plant
Volusia County, Florida

Applicant: The applicant for this project is
Florida Power & Light Company (PSN).
The applicant's responsible official and
mailing address are: Jeff Smith,
Sanford/Putnam Plant General Manager,
Florida Power and Light Company (PSN),
Sanford Power Plant, 950 South Highway
17-92, DeBary, Florida 32713.

Facility Location: The applicant operates
the existing Sanford Power Plant, which is
located in Volusia County at 950 South
Highway 17-92, DeBary, Florida.

Project: The applicant applied on February
14, 2014 to the Department for an air
construction permit modification and a
renewed Title V air operation permit. The
existing facility consists of the following
emissions units: Repowered Unit 4 (EU-005 -
EU-008) and Repowered Unit 5 (EU-009 -
EU-012) are "4-on-1" combined cycle
combustion turbine systems each consisting of
four combustion turbines, four unfired heat
recovery steam generators and the
repowered steam-electrical generator set.
There are two diesel-fired emergency
generators for Repowered Units 4 and 5 (EU-
027 and EU-028); one diesel fired fire
pump engine (EU-030); and, two propane-
fired emergency hurricane shelter
generator engines (EU-029). The facility
includes two evaporative equipment coolers (EU-
013), one for each repowered unit.
This air construction permit modification
updates the language of Specific Condition
5 of permit No. 1270009-022-AC for allowable
excess emissions.

Permitting Authority: Applications for air
construction permits are subject to review
in accordance with the provisions of
Chapter 403, Florida Statutes (F.S.) and
Chapters 62-4, 62-210 and 62-212 of the Florida
Administrative Code (F.A.C.). The proposed
project is not exempt from air permitting
requirements and an air permit is required
to perform the proposed work.

Applications for Title V air operation
permits with Acid Rain units are subject to
review in accordance with the provisions of
Chapter 403, Florida Statutes (F.S.) and
Chapters 62-4, 62-210, 62-213 and 62-214,
of the Florida Administrative Code (F.A.C.).
The proposed project is not exempt from
air permitting requirements and a Title V
air operation permit is required to operate
the facility.

The Office of Permitting and Compliance in
the Division of Air Resource Management is
the Permitting Authority responsible for
making a permit determination for these
projects. The Permitting Authority's physical
address is: 2600 Blair Stone Road, Tallahassee,
Florida. The Permitting Authority's
mailing address is: 2600 Blair Stone
Road, MS #5505, Tallahassee, Florida
32399-2400. The Permitting Authority's
telephone number is 850/717-9000.

Project File: A complete project file is
available for public inspection during the normal
business hours of 8:00 a.m. to 5:00 p.m.,
Monday through Friday (except legal
holidays), at the address indicated above for
the Permitting Authority. The complete
project file includes the draft air construction
permit/revision, the draft/proposed Title
V air operation permit, the Statement of
Basis, the application, and the information
submitted by the applicant, exclusive of
confidential records under Section 403.111,
F.S. Interested persons may view the
draft/proposed permits by visiting the
following website:

http://www.dep.state.fl.us/air/emission/ap
ds/default.asp and entering the permit
number shown above. Interested persons
may contact the Permitting Authority's
project review engineer for additional
information at the address or phone number
listed above.

Notice of Intent to Issue Air Permit: The
Permitting Authority gives notice of its
intent to issue an air construction permit to
the applicant for the project described
above. The applicant has provided reasonable
assurance that operation of proposed
equipment will not adversely impact air
quality and that the project will comply with
all appropriate provisions of Chapters 62-4,
62-204, 62-210, 62-212, 62-296 and 62-
297, F.A.C. The Permitting Authority will
issue a final permit in accordance with the
conditions of the proposed draft air
construction permit unless a timely petition for
an administrative hearing is filed under
Sections 120.569 and 120.57, F.S. or unless
public comment received in accordance
with this notice results in a different
decision or a significant change of terms or
conditions.

The Permitting Authority gives notice of its
intent to issue a Title V air operation permit
to the applicant for the project described
above. The applicant has provided reasonable
assurance that continued operation of
existing equipment will not adversely
impact air quality and that the project will
comply with all appropriate provisions of
Chapters 62-4, 62-204, 62-210, 62-212, 62-
213, 62-214, 62-296 and 62-297, F.A.C.
The Permitting Authority will issue a final
Title V air operation permit in accordance
with the conditions of the draft/proposed
Title V air operation permit unless a timely
petition for an administrative hearing is
filed under Sections 120.569 and 120.57,
F.S. or unless public comment received in
accordance with this notice results in a
different decision or a significant change of
terms or conditions.

Comments: The Permitting Authority will
accept written comments concerning the
draft air construction permit for a period of
14 days from the date of publication of the
Public Notice. Written comments must be
received by the Permitting Authority by
close of business (5:00 p.m.) on or before
the end of this 14-day period. If written
comments received result in a significant
change to the draft air construction permit,
the Permitting Authority shall revise the
draft air construction permit and require, if
applicable, another Public Notice. All
comments filed will be made available for
public inspection.

The Permitting Authority will accept written
comments concerning the draft/proposed
Title V air operation permit for a period of
30 days from the date of publication of the
Public Notice. Written comments must be
received by the close of business (5:00
p.m.), on or before the end of this 30-day
period by the Permitting Authority at the
above address. As part of his or her
comments, any person may also request that
the Permitting Authority hold a public
meeting on this permitting action. If the
Permitting Authority determines there is
sufficient interest for a public meeting, it
will publish notice of the time, date, and
location in the Florida Administrative
Register (FAR). If a public meeting is
requested within the 30-day comment period
and conducted by the Permitting Authority,
any oral and written comments received
during the public meeting will also be
considered by the Permitting Authority. If
timely received written comments or
comments received at a public meeting result
in a significant change to the draft/proposed
Title V air operation permit, the Permitting
Authority shall issue a revised draft/proposed
Title V air operation permit and require, if
applicable, another Public Notice. All
comments filed will be made available for
public inspection. For additional
information, contact the Permitting Authority
at the above address or phone number.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, Agency.Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner; the name, address, any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice of intent to issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Mediation: Mediation is not available for this proceeding.

EPA Review: EPA has agreed to treat the draft/proposed Title V air operation permit as a proposed Title V air operation permit and to perform its 45-day review provided by the law and regulations concurrently with the public comment period, provided that the applicant also transmits an electronic copy of the required proof of publication directly to EPA at the following email address: hazziez.natasha@epa.gov. Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a citizen petition to object to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended. The final Title V air operation permit will be issued after the conclusion of the 45-day EPA review period so long as no adverse comments are received that result in a different decision or significant change of terms or conditions. The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the following website address: http://www.epa.gov/region4/air/permits/florida.htm. Objections: Finally, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 days of the expiration of the Administrator's 45-day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air operation permit. Any petition shall be based only on objections to the permit that were raised with reasonable specificity during the 30-day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460. For more information regarding EPA review and objections, visit EPA's Region 4 web site at: http://www.epa.gov/region4/air/permits/florida.htm. L2071420, May 3, 2014, 1:
