Please pass this onto the CD Office air compliance.

Re: Compliance Review of Title V Air Operation Permit Renewal Application
 EPSAP Application Number 2194-1

Florida Power Corporation dba Progress Energy Florida, Inc. (PEF)
 Turner Power Plant
Facility ID No. 1270020

On April 29, 2009, our office received the subject application via Electronic Permit Submittal Processing System (EPSAP). You should be able to access the application through the EPSAP system.

Each applicant for a Title V permit is required to sign a certification of compliance. Each applicant is also required to report the compliance status of each emissions unit. Any non-compliance at the time of application and/or during the processing of the application requires a compliance plan to be submitted. The applicant certified compliance in this permit application.

Please review this facility's status with your compliance and enforcement staff. Please notify me via email or hard-copy **either**:

- a. there are no outstanding compliance or enforcement actions with this facility **or**
- b. the following outstanding compliance and enforcement issues exist (please list).

Please review the compliance status of this facility and send us your written comments within 30 days (**no later than June 5th**). Thank you for your support and have a great day!
