RE: Part 1 MACT Application

Dear Ms. Phillips:

Please find enclosed Part 1 of the two-part 112(j) permit application. We understand that EPA finalized amendments on April 5<sup>th</sup> to allow this two-part application process, and that DEP is acting to incorporate by reference these amendments at its earliest opportunity. As indicated in the letters from the Florida Department of Environmental Protection dated April 5<sup>th</sup>, 2002, we are submitting Part 1 by May 15, 2002.

Based on the information available to us at the time of this application, we believe that we may be subject to section 112(j) of the Clean Air Act. We reserve the right, however, to amend or withdraw this application should we obtain new or different information regarding our status.

All possible affected sources in the enclosed Part 1 112(j) permit applications are identified by the emission unit identification number and emission unit description as in their respective annual operating reports.

Please contact me at (727) 826-4334 or Matt Lydon at (727) 826-4152 if you have any questions.

Sincerely,

J. Michael Kennedy  
Air Programs Manager

## CHAPTER 28-105, F.A.C.

### DECLARATORY STATEMENTS

#### 28-105.001 Purpose and Use of Declaratory Statement.

A declaratory statement is a means for resolving a controversy or answering questions or doubts concerning the applicability of statutory provisions, rules, or orders over which the agency has authority. A petition for declaratory statement may be used only to resolve questions or doubts as to how the statutes, rules, or orders may apply to the petitioner's particular circumstances. A declaratory statement is not the appropriate means for determining the conduct of another person or for obtaining a policy statement of general applicability from an agency. A petition for declaratory statement must describe the potential impact of statutes, rules, or orders upon the petitioner's interests.

#### 28-105.002 The Petition.

A petition seeking a declaratory statement shall be filed with the clerk of agency that has the authority to interpret the statute, rule, or order at issue and shall provide the following information:

(1) The caption shall read:

Petition for Declaratory Statement

Before (Name of Agency)

(2) The name, address, telephone number, and any facsimile number of the petitioner.

(3) The name, address, telephone number, and any facsimile number of the attorney or qualified representative (if any) of the petitioner.

(4) The statutory provision(s), agency rule(s), or agency order(s) on which the declaratory statement is sought.

(5) A description of how the statutes, rules, or orders may substantially affect the petitioner in the petitioner's particular set of circumstances.

(6) The signature of the petitioner or of the petitioner's attorney or qualified representative.

(7) The date.

#### 28-105.003 Agency Disposition.

The agency may hold a hearing to consider a petition for declaratory statement. If the agency is headed by a collegial body, it shall take action on a petition for declaratory statement only at a duly noticed public meeting. If a hearing is held, it shall be conducted in accordance with Sections 120.569 and 120.57(2), F.S. The agency may rely on the statements of fact set out in the petition without taking any position with regard to the validity of the facts. Within 90 days of the filing of the petition, the agency shall render a final order denying the petition or issuing a declaratory statement.
