

Appendix I-1, List of Insignificant Emissions Units and/or Activities.

Vectorworks Marine, Inc.
Fiberglass Boat Manufacturing Facility

PROPOSED Permit No.: 0090127-008-AV
Facility I.D. No.: 0090127

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3)(a), F.A.C., Categorical Exemptions, are exempt from the permitting requirements of Chapters 62-210 and 62-4, F.A.C.; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rule 62-210.300(3)(a), F.A.C., shall not be exempt from the permitting requirements of Chapter 62-213, F.A.C., if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6)(b), F.A.C. No emissions unit shall be entitled to an exemption from permitting under Rule 62-210.300(3)(a), F.A.C., if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The below listed emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), F.A.C.

Brief Description of Emissions Units and/or Activities

1)	Putty mixers, resin and gelcoat patch mixing (material usages are included in site record keeping)
2)	Foaming operations (material usages are included in site record keeping)
3)	Solvent recovery, decanting and reuse, if applicable
4)	Internal combustion engines for pressure washers, forklifts, travel lifts, and other activities
5)	Hazardous materials and recoverable solvents accumulation, storage and transfer, which activities are performed in accordance with applicable regulations
