

**Attachment I-1**

**List of Insignificant Emissions Units and/or Activities.**

Marathon Petroleum Company LP - Spangler Terminal  
909 SE 24th Street  
Fort Lauderdale  
Broward County, FL

**Facility ID No.:** 0110048  
**DRAFT TV Permit:** 0110048-016-AV

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3) (a), F.A.C., Categorical Exemptions, are exempt from the permitting requirements of Chapters 62-210 and 62-4, F.A.C.; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rule 62-210.300(3) (a), F.A.C., shall not be exempt from the permitting requirements of Chapter 62-213, F.A.C., if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6) (b), F.A.C. No emissions unit shall be entitled to an exemption from permitting under Rule 62.210.300(3)(a), F.A.C., if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The following emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), F.A.C.

1. Paved Roads
2. Warehouse Oil Tank
3. Routine maintenance and repair (piping changes, filter changes, tank sludge removal, tank and ancillary pipe painting, etc.)
4. Housekeeping activities or building maintenance procedures
5. Air conditioning, heating and ventilation units
6. Consumer use of office equipment
7. Vehicle refueling
8. Loading petroleum contact water (PCW) into vacuum trucks
9. Janitorial services and products
10. Vents from continuous emission monitors, analyzers and lab hoods
11. Equipment used for quality control/assurance or inspection purposes, including sampling equipment use to withdraw materials for analysis
