

Appendix U-1: List of Unregulated Emissions Units and/or Activities.

TIMCO
Lake City Airport

Proposed Title V Operation
Permit Renewal No.: 0230035-005-AV
Facility ID No.: 0230035

Unregulated Emissions Units and/or Activities. An emissions unit which emits no “emissions-limited pollutant” and which is subject to no unit-specific work practice standard, though it may be subject to regulations applied on a facility-wide basis (e.g., unconfined emissions, odor, general opacity) or to regulations that require only that it be able to prove exemption from unit-specific emissions or work practice standards.

The below listed emissions units and/or activities are neither ‘regulated emissions units’ nor ‘insignificant emissions units’.

E.U. ID

<u>No.</u>	<u>Brief Description of Emissions Units and/or Activity</u>
-008	Facility Wide Fugitive Emissions <ul style="list-style-type: none">- Vehicle traffic on paved and unpaved roads- Fuel and oil storage tanks- Maintenance activities; including maintenance painting, parts cleaning, and welding- Machine shop operations- Diesel engines- Sand and media blasting for maintenance painting- Emergency generators- Fugitive emissions from other emissions units- Wastewater treatment operations including chemical handling and storage- Use of sealants, fillers, lubricants, and adhesives- Non-destructive material analysis (i.e. MagnafluxTM, X-Ray)- Hanger and runway construction, maintenance and repair- Hand sanding of aerospace vehicle and components- Alodine conversion coating- Composite material casting
