

ATTACHMENT USG-FI-CV3 COMPLIANCE REPORT AND PLAN

The United States Gypsum Company certifies that the wallboard manufacturing facility in Jacksonville, Florida, as of the date of this application, is in compliance with each applicable requirement addressed in this Title V air permit renewal/revision application, with the following exception:

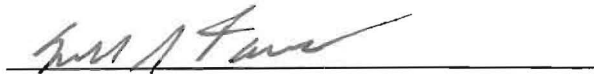

Emission unit ID Nos. 006, 007, 039, 042, 058, 066, 077, 094, 097, 098, 099, 100, 108, and 109 are down for the foreseeable future. Accordingly, the required compliance tests under Title V Air Operation Permit No. 0310072-017-AV for these units have not been completed for this renewal/revision.

Compliance Plan

United States Gypsum Company will complete testing within 60 days after the initial startup of each unit. A report indicating the results of the required initial testing for each unit will be submitted to the City of Jacksonville Environmental Quality Division.

I, the undersigned, am the responsible official as designated in Chapter 62-213, F.A.C., of the Title V source for which this report is being submitted. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made and data contained in this report are true, accurate, and complete.

Compliance statements for this facility will be submitted on an annual basis to FDEP, on or before March 1 of each year.

Signature, Responsible Official
