Re: Permit Nos. 0710236-003-AC and 0710236-004-AV
Bonita Springs East Water Reclamation Facility
Air Construction Permit Revision and Renewed Title V Air Operation Permit

Dear Mr. Liggins:

Enclosed is the permit package for a DRAFT air construction permit revision and a DRAFT/PROPOSED renewed Title V air operation permit for the Bonita Springs East Water Reclamation Facility. This existing facility is located in Lee County, on Wellfield Road, immediately East of Highway I-75 and North of Terry Street, Bonita Springs, Florida. The permit package includes the following documents:

- The draft air construction permit revision and supporting technical evaluation and preliminary determination documents.
- The statement of basis, which summarizes the facility, the equipment and the primary rule applicability for the renewal Title V air operation permit.
- The draft/proposed renewed Title V air operation permit, which includes the specific permit conditions that regulate the emissions units covered by the proposed project.
- The Written Notice of Intent to Issue Air Permits provides important information regarding: the Permitting Authority's intent to issue air permits for the proposed project; the requirements for publishing a Public Notice of the Permitting Authority's intent to issue air permits; the procedures for submitting comments on the draft/proposed permits; the process for filing a petition for an administrative hearing; and the availability of mediation.
- The Public Notice of Intent to Issue Air Permits is the actual notice that you must have published in the legal advertisement section of a newspaper of general circulation in the area affected by this project. The Public Notice of Intent to Issue Title V Air Permits must be published as soon as possible and the proof of publication must be provided to the Department within seven days of the date of publication. **Because this permit is being processed as a combined draft/proposed permit in order to reduce processing time, a duplicate copy of the proof of publication must also be transmitted by electronic mail within seven days of the date of publication to Ms. Ana Oquendo at EPA Region 4 at oquendo.ana@epamail.epa.gov.**

If you have any questions, please contact the Project Engineer, Susan Machinski, by telephone at (239) 344-5663 or by email at susan.machinski@dep.state.fl.us.

Sincerely,

of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460.
