

## **Appendix I-1, List of Insignificant Emissions Units and/or Activities.**

Bailey Marble, Inc.  
Marble Resin Tub and Vanity Facility

**DRAFT Title V Permit No.** 0830153-005-AV  
**Facility ID No.:** 0830153

---

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3)(a), F.A.C., Categorical Exemptions, are exempt from the permitting requirements of Chapters 62-210 and 62-4, F.A.C.; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rule 62-210.300(3)(a), F.A.C., shall not be exempt from the permitting requirements of Chapter 62-213, F.A.C., if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6)(b), F.A.C. No emissions unit shall be entitled to an exemption from permitting under Rule 62-210.300(3)(a), F.A.C., if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The below listed emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), F.A.C.

### **Brief Description of Emissions Units and/or Activities**

1. Trucks and forklifts.
2. Air conditioning units.
3. Food preparation.
4. Office Equipment and products.
5. Janitorial services and products.
6. IC engines used for landscaping.
7. Restroom facilities.
8. Plant maintenance and upkeep.
9. Minor repair and maintenance shop activities.
10. Portable electric generators.
11. Air compressors and pneumatic equipment and tools.
12. Batteries and charging stations.
13. Storage containers holding liquids that do not emit VOC/HAPs.
14. Storage and handling equipment containing soaps, vegetable oil, grease, animal fat, and nonvolatile aqueous salt solutions with lids and covers.
