Title V Air Operation Draft Permit Revision

Dear Ms. Preacher:

Enclosed is the draft permit package to revise the Title V air operation permit for Eglin Air Force Base. This facility is located in Okaloosa County at 592 Range Road, Eglin AFB, Florida. The permit package includes the following documents:

- The Statement of Basis, which summarizes the facility, the equipment, the primary rule applicability, and the changes since the last Title V renewal.
- The draft Title V air operation permit revision, which includes the specific permit conditions that regulate the emissions units covered by the proposed project.
- The Written Notice of Intent to Issue Air Permit provides important information regarding: the Permitting Authority's intent to issue an air permit for the proposed project; the requirements for publishing a Public Notice of the Permitting Authority's intent to issue an air permit; the procedures for submitting comments on the draft permit; the process for filing a petition for an administrative hearing; and the availability of mediation.
- The Public Notice of Intent to Issue Air Permit is the actual notice that you must have published in the legal advertisement section of a newspaper of general circulation in the area affected by this project. The Public Notice of Intent to Issue Air Permit must be published as soon as possible and the proof of publication must be provided to the Department within seven days of the date of publication. Proof of publication may be submitted electronically to [nwdair@dep.state.fl.us](mailto:nwdair@dep.state.fl.us). If you have any questions, please contact the Project Engineer, Rick Prusa by telephone at 850/595-8300 or by e-mail at [rick.prusa@dep.state.fl.us](mailto:rick.prusa@dep.state.fl.us).
