Dear Mr. Vogel:

This is in response to your letter dated April 18, 1996 requesting a six month extension of permit AC17-257737 for the hot oil heaters at Coastal Fuels' Pensacola Facility (I.D. 0330060). You explained that the additional time is necessary to allow a viable microorganism population to develop in the vapor control equipment, to make any needed adjustments and to timely apply for an operation permit.

This letter approves your request and extends permit AC17-157737 to expire December 31, 1996. A copy of this letter must be attached to the permit.

If you have any questions, please contact Bob Kriegel of this office at (904) 444-8364.

Sincerely,

Ed K. Middleswart, P.E.  
Air Program Administrator
