COMMENTS: INS2. Debbie Telemeco-Anders did a walk-through inspection of the facility. She found the facility INcompliance. NOTE: Visible emissions compliance testing was conducted earlier in the day by Christopher Stirrat, Environmental Safety Consultants, Inc. Debbie identified a Rock Crusher operating the rear adjacent parcel.

Susan Cameron called Greg Seevers later in the day to inquire about the rock crusher. Mr. Seevers said it is operated by Master Rock; they lease that portion of the property. It is a separate facility. He will advise them to call Sarasota County Air Quality/Storage Tank Management to apply for a Nonmetallic Mineral Processing Plant GP.
