**COMMENTS:**

- This inspection was to observe building in regards to dry cleaning operations. The facility has been un occupied since 2004. The previous owner Ronald Quick is not available, and the permit will expire 1/20/2008. The drive by inspection was conducted to monitor facility for a restart of dry cleaning operations.
- The facility still had a sign posted as for rent. The building had been repainted pink. It appears they continue to try to restore the facility. I called the phone number on rental sign, 441-1955. Renae Armentia is the current building owner. I asked her if they intend to operate the dry cleaning equipment that was still on site. She stated yes. I informed her that the facility would need an air general permit, prior to beginning the operation of cleaning equipment. I informed her the permit had expired, and if they intend to operate the dry cleaner, they must contact Pinellas County Air Quality, prior to operation of cleaning equipment. She asked that me to call her again, as her electric had been cut off today.
- She previously informed me that the Hazardous Waste was removed, at a cost of \$140,000. She stated that Ronald Quick former responsible official had left the facility, and an arrest warrant is out for him in regards to damages to the facility. She stated they are familiar with the permit requirements for a dry cleaning operation. I asked her to contact me, prior to start up to confirm permitting issues had been addressed before dry cleaning operations started. I gave her my name and phone number for the new owner to contact me.
