COMMENTS: During the inspection of this facility, I met with the facility contact Jania Stein, the responsible official James Scott, was no longer owner of this facility. The facility was now under the ownership and management of Spirit Cleaners.

- The dryer equipment had been out of operation since January 18, 2006.
- The dry cleaning machine remains on site, but was still non- operational at this time.
- The record information was not on site.
- The rest of the cleaning washers and dryers had also been removed from the site.
- The dryer cleaning equipment had no Perchloroethylene odors of detected during the inspection of the equipment.
- I requested that Spirit Cleaners contact me, after the removal of the
- The shop is sending its dry cleaning out to Spirit Cleaners and is operating as a drop store only at this time.
- I contacted Margie Rutherford of the Spirit Cleaners. The machine will be removed by March of 2007. She stated MFI would drain remove the machine and any hazardous waste containers.

I informed Mrs. Rutherford I would need to confirm the machine is removed to close the file. I asked her to contact me when the removal was done.
