COMMENTS: In a compliance inspection conducted on 4/30/2008, AQD staff observed operations at Broward Marine. The yard has a cabinet shop, machine shop, electrical shop and one small spray booth, work bays, and offices. Mr. Nestor Arboleda accompanied staff on the inspection. The yard housekeeping is good and personnel are making efforts to adhere to the marina BMP's. Mr. Arboleda submitted the VOC logs (he has been at this yard since June, 07). He did have some trouble ascertaining where the VOC information is on the MSDS sheets. However, AQD staff helped him peruse the necessary information.
